# Disney Plus Streaming Top Shows 2025

**Frank A. Aycock**

## **Disney Plus Streaming Top Shows 2025:**

Transnational Streaming Television Joseph Straubhaar, Swapnil Rai, Melissa Santillana, Silvia Dalben, 2025-09-29

Examining the impact of streaming on the global production and flow of television and film this book provides an innovative theoretical framework to conceptualize how asymmetric dynamics of power play out in the era of global streaming This book analyses Netflix and Amazon Prime Video two tech based digital native streamers and compares them to Disney and HBO Max Warner Bros Discovery two legacy Hollywood studios with cable TV and broadcasting operations now pursuing global streaming The book compares their different models of operation and specifically explores how these four streamers particularly Netflix are co producing and commissioning television programs and films in an increasing number of countries It also examines how this trend is creating new opportunities for independent producers and soft power for the producing nations This book further considers the direct algorithmic targeting of individuals by their genre preferences across boundaries of culture language and nation boundaries that previously protected national and regional television markets creating a new flow of data colonialism At a more local level the book also examines some of the national and regional streaming platforms emerging in some of the key players in the Global South Brazil India and Mexico This is essential reading for students researchers and academics interested in media studies global media and global television studies

**The Independent Filmmaker's Guide to the New Hollywood** Gabriel Campisi, 2020-09-28 Netflix and its competitors

like Disney Amazon Prime and Hulu have brought unprecedented levels of entertainment to consumers everywhere providing the richest most abundant aggregate of motion pictures and cinematic television the world has ever seen Behind the facade however things are not as pleasant A very costly paradigm shift is underway altering not only conventional business and finance models but also threatening long established avenues of entertainment such as movie theaters traditional television and home video and wreaking havoc on independent filmmakers and veteran producers alike This book attempts to make sense of ongoing economic and creative shifts of infrastructure and intellectual property to understand where the industry is headed and to distinguish which business models should be maintained and which ones should be left behind Featuring exclusive interviews with some of the industry s most prolific filmmakers and executives it dives into the trenches of Hollywood to provide readers with the knowledge necessary to rethink the business see past the turmoil recognize the new opportunities and take advantage of exciting new possibilities Change sparks innovation and innovation brings about great opportunity but only for the well informed and prepared

*Beyond the Screen* Frank A. Aycock, 2025-11-26 Written in an accessible style this book explores the complex future of television across its different industries providing professional producers with key insights and pathways to adapt and prepare By exploring traditional media industries and how they have come to make up today s streaming and broadcasting media world the text provides a detailed discussion of the future of systems programming and television viewing This includes a wide range of topics such as internet protocol television IPTV

set top boxes STBs ATSC 3.0 virtual reality VR holographic television and artificial intelligence AI as well as other cutting edge technologies Additionally this book examines the future of content monetization by exploring the new and sometime controversial ways of advertising product placement and search and promotion that will be required to be financially successful in this future television environment Beyond the Screen is an indispensable addition to the library of every television professional academic student and television viewer who wants to know where this fascinating world of television is heading and what it will take to be successful within it

*Triaging the Streaming Wars* Robert Alan Brookey, Jason Phillips, Tim Pollard, 2023-09-08 This volume considers the different implications of the rise of streaming services and their particular acceleration during the COVID 19 pandemic Exploring the significant disruption caused to the entertainment industries by the rise of these streaming services a team of international scholars examine changes to labor issues and compensation which were central to the conflict between the Writers Guild of America members and their agents the broadening divide between networks and affiliates the significant consolidation of the media industry resulting from Disney's acquisition of Fox ahead of the launch of Disney and the variety of business models behind these services that defy the traditional advertising models and standard revenue streams This thorough and multifaceted look at this rapidly growing section of the entertainment industry will be of interest to academics and students working in film and TV studies media industry studies digital media studies business and communication studies

**Media Today** Joseph Turow, 2022-09-13 This eighth edition of Joseph Turow's pathbreaking media textbook uses convergence as a lens that puts students at the center of the profound changes in the 21st century media world It teaches students to think critically about the role of media and what these changes mean for their lives The book's media systems approach helps students to look carefully at how media content is created distributed and exhibited in the new world that the digital revolution has created From news media to video games and social networking to mobile platforms it provides students with the tools they need to understand and critique the media they encounter and consume The first part examines the media world as a whole while the second delves deep into key media industries such as the movie television and video game industries This new edition includes critical expanded coverage of social media new forms of both audio and audiovisual media and international case studies as well as updated figures tables and pedagogy including key terms and further activities Media Today is an excellent introduction to the world of media in the digital age perfect for students seeking a solid grounding in media studies Extensive pedagogical materials also make this a highly teachable book well suited to the classroom The accompanying website has also been updated with new student and instructor resources including chapter recaps recommended readings and instructor's manual For more information on the changes in this latest edition please click here

**Redefining Media in the Digital Age** Paolo Sigismondi, 2024-08-10 The global rise of streaming and social media platforms and the influence of tech giants in increasingly more sectors of the economy including the media industry have disrupted the status quo of the global media competitive landscape This volume

offers an insightful analysis of the profound changes in the competitive advantages in the media industry ushered in by digital convergence and their ramifications As Hollywood enters its second century it faces novel challenges stemming from the digital revolution which are greater in magnitude and in impact than any of those brought in by previous communication technology revolutions in the last century These new challenges include the ascent of new competitors leading conglomerates arising from the digital revolution which as a result of the ever expanding reach of digital convergence are successfully operating in the media sector as well The new competitive dynamics are on display in the analysis of the streaming and social media landscapes This book sheds light on the clash of two institutional logics within the new attention economy and its consequences on the competitive landscape The legacy media institutional logics represented by the legacy media conglomerates revolving around the Hollywood studios which have established their primacy in the global mediascape for decades now directly compete in the new landscape shaped by digital convergence with the digital media institutional logics identifying the tech giants emerging victorious from the digital revolution The analysis utilizes the dichotomy between scripted and non scripted media entertainment as a framework to assess the diverse competitive landscapes business dynamics and their implications of the different segments shaping the contours and boundaries of the media industry

**Communicating COVID-19** Christian Fuchs, 2021-09-06 Communicating COVID 19 analyses the changes of everyday communication in the COVID 19 crisis Exploring how misinformation has spread online throughout the pandemic the impact of changes on society and the way we communicate and the effect this has had on the spread of misinformation Billboard, 1998-12-12 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Screen Digest**, 1998

International Documentary, 2004 EQ, 1994 **Zitty**, 1998 American Cinematographer, 1995-07

*Cinefantastique* Frederick S. Clarke, 1987 **The Mix**, 1997 *The Publishers Weekly*, 1990 **The Hollywood Reporter**, 2006 Cable Vision, 1988 *Who's who in Entertainment*, 1992 *The New York Times Magazine*, 1965
