Macht und Machtverschiebung Hendrik W.

Ohnesorge, 2022-10-24 Die Festschrift zu Ehren des 65. Geburtstages von Professor Xuewu Gu versammelt Beiträge zu zwei eng miteinander verwobenen Schlüsselthemen in den internationalen Beziehungen: Macht und Machtverschiebungen. Verschiedene Erscheinungsformen der Macht werden dabei ebenso berücksichtigt wie jüngste geopolitische Entwicklungen. Folglich wird theoretische Grundlagenforschung mit empirischen Untersuchungen zu einflussreichen Akteuren auf der internationalen Bühne kombiniert, insbesondere der Volksrepublik China, Russland, der Europäischen Union und den Vereinigten Staaten von Amerika. Der Band, der sich gleichermaßen an Studierende, Forschende und Praktikerinnen internationaler Politik richtet, bietet damit einen fundierten Einblick in das Werk des Jubilars und stellt gleichzeitig einen wichtigen und hochaktuellen Beitrag zur Machtforschung dar. PC Magazine, 2007. **The Routledge Handbook of European Integrations**. Thomas Hoerber, Gabriel Weber, Ignazio Cabras, 2022-02-27. The Routledge Handbook of European Integrations fills a significant gap in the European studies literature by providing crucial and groundbreaking coverage of several key areas that are usually neglected or excluded in European integration collections. Whilst still examining the largest and most influential institutions, bodies and highly funded policy areas as acknowledged dominant topics in European studies, it crucially does so with much greater balance by devoting equal billing to areas such as culture in European integration or new technologies and their impact on the EU. Organised around three main sections: culture, technology and tangibles, the book offers an authoritative encyclopaedia to alternative areas in European integration from media, football, Erasmus and tourism to transport, space, AI and energy, retaining coverage of the dominant topics in European studies such as the Eurozone, the Common Internal Market or European law, but in balance with other areas of interest and provides an essential companion to existing scholarship in European studies. The Routledge Handbook of European Integrations is essential reading and an authoritative reference for scholars, students, researchers and practitioners involved in and actively concerned about research in the study of European integration studies.
