 Babbage,2012-09-14 The middle school years are a maze of academic duties human growth and self development discovering
 self identity and increasing social interaction with other people This maze can be an adventure of achievement and
 opportunity or it can be a struggle of difficulty and disappointment As these experiences are the impetus or foundation for
 many later achievements in academics careers and personal life it is imperative that educators maximize these formative
 years by helping middle school students successfully travel through this maze despite its ups and downs its twists and turns
 and its new challenges to master and the old issues to resolve For instance educators must support students who have fallen
 behind so as to thwart their reduced likelihood of turnaround in high school Likewise educators must challenge exceptional
 students in order to perpetuate their enthusiasm for learning and prepare them for college studies By discussing the
 comprehensive roles and duties of school administrators counselors and teachers The Power of Middle School addresses how
 to maximize middle school curriculum and extra curricular activities for the academic personal and professional benefits of
