Veblens America Sidney Plotkin,2018-12-28 Donald Trump s astonishing rise to the US presidency challenges conventional understandings of American politics yet he is distinctively American His biography and family lineage reflect American traditions such as real estate hucksterism and buccaneering salesmanship But Trump s pugnacity also reflects the shadow of other darker American traditions of misogyny racism and xenophobia patterns that formed what Thorstein Veblen called a sclerosis of the American soul Using Veblen s theory of American development to explore the nation s curious fusion of barbarism and liberal democracy Veblen s America taps the rich vein of the sociologist s early twentieth century insights to shed light on the Trump phenomenon that has overwhelmed and threatened early twenty first century American democracy

Race and Football in America Dawn Knight,2019-07-01 The beautifully written biography of the first African American player to be drafted by the NFL a must read for any sports fan Warren Rogan host of the podcast Sports Forgotten Heroes As the first African American to play quarterback George Taliaferro was a trailblazer whose athletic prowess earned him accolades throughout his football career Instrumental in leading Indiana University to an undefeated season and undisputed Big Ten championship in 1945 Taliaferro was a star when many major universities had no black players on their rosters and others were stacking black players behind white starters George Taliaferro would later rack up impressive statistics while playing professionally for the New York Yanks Dallas Texans Baltimore Colts and Philadelphia Eagles His athletic prowess did little to prevent him from facing segregation and discrimination on a daily basis but his popularity as an athlete also gave him a platform Playing professionally gave Taliaferro more opportunity to use football to fight oppression and to interact with other important trailblazers like Joe Louis Nat King Cole Muhammad Ali and Congressman John Lewis Race and Football in America tells Taliaferro s story and profiles the experiences of other athletes of color who were recognized for their athleticism yet oppressed for their skin color as they fought and continue to fight for equal rights and opportunities Together these stories provide an insightful portrait of race in America A portrait of a young man who overcame the obstacles of racism the military draft and the death of his father His vehicle for climbing over obstacles was athletic prowess and inner strength Jim Baumgartner College Football Hall of Fame
