All About Sleep

Do you ever wonder why we need to sleep? Well, sleep is very important for our bodies and brains to stay healthy and strong. When we sleep, our bodies get a chance to rest and recharge. Just like how we need to charge our phones at night, our bodies need to recharge too!

Did you know that kids need more sleep than adults? Most kids need about 9-11 hours of sleep each night to feel their best. When we don't get enough sleep, we can feel grumpy, tired, and have a hard time concentrating in school. That's why it's so important to make sure we get enough sleep each night.

But why do we even need to sleep in the first place? Well, when we sleep, our bodies are busy doing all sorts of important things. Our brains are busy organizing and storing all the things we learned that day. This is why it's important to get a good night's sleep before a big test or exam. Our bodies are also busy repairing any damage that happened during the day, like when we get a cut or scrape. Sleep helps our bodies heal faster.

There are different stages of sleep that our bodies go through each night. We start off in light sleep, where our bodies are starting to relax and slow down. Then we move into deeper sleep, where our bodies are fully relaxed and our brains are busy working. Finally, we enter a stage called REM sleep, where our brains are very active and we have dreams.

So, how can we make sure we get a good night's sleep? One way is to have a bedtime routine. This can include things like reading a book, taking a warm bath, or listening to calming music. It's also important to have a comfortable and quiet sleep environment, with a cozy bed and no distractions like screens or lights.

Remember, getting enough sleep is super important for our health and well-being. So, make sure to get those ZZZs each night and you'll be feeling your best in no time!

sources and provides ideas to employ them to ensure that school librarians remain indispensable. In addition, acquiring technological skills and becoming expert at their application are paramount for librarians. Even more important is the need for librarians to assume sole responsibility for designing and integrating information literacy and critical thinking skills throughout the curriculum. Craver analyzes studies that show students' inability to discern fact from fiction, ads from news, and information bias in electronic information sources and recommends six actions that school librarians take to ensure that they become active participants in their future rather than its victims. My City Links: January 2023 Issue My City Links, 2023-01-01 2022 began as a year of hope, one that promised to put the bitter memories of the past few pandemic years behind us. It has lived up to these expectations. From art and culture to sports and entrepreneurship, 2022 saw Odisha celebrate special occasions that provided some truly special memories to cherish. The world of films was also buzzing with activity during the year as Bollywood went back to doing what it does best: entertaining people. Our Cover Story brings you snapshots of the year that was. The New Year is also about making resolutions galore. Some are easily forgotten in days, while others remain firmly etched in the mind to follow all through the year. In City Lights, we list a few simple tips on how to embrace a healthier life in 2023. Odisha is joining the world in driving into a better future, and green kilometres are piling up as Electric Vehicles (EVs) become increasingly popular. The state government's EV policy is providing a much-needed fillip to the segment when it comes to two-wheelers, three-wheelers, and light motor vehicles. A special feature explores the green road ahead. Social reformer, gender equality advocate, or changemaker, call her what you may, Anushree Dash has put in a lot of hard work and sacrifice to reach where she is today. Our CityZen for this edition: Dash talks to us about the social organisation she runs and how she goes about helping people, particularly those from tribal and rural areas. From watching plays during his engineering days in Bhubaneswar, Dipanwit Dashmohapatra is now enjoying all the accolades coming his way after back-to-back critical successes as the lead actor in films. In Screenshots, he opens up about his roles in films as well as his role models. If there was one single event that kept the world glued to their mobile and TV screens, it was the FIFA World Cup 2022. Despite some controversies, the tournament hosted by Qatar lived up to its expectations, with Lionel Messi's Argentina ending up with their third title. Mention rap, and you end up thinking of the scores of singers who have made their mark across the world. The trend has also caught up closer home in recent years. In City Lights, we profile some artists who are putting Odisha on the global rap map. Happy reading and Happy New Year. *Expositor and Current Anecdotes*, 1920
