Measuring the Impact of Online Media on Consumers, Businesses and Society Kejo Starosta, 2022-03-02 This empirical thesis analyses the impact of sentiments in online media on consumers businesses and society as a whole and how knowledge of these correlations can be used in a variety of applications The results show that the sentiment data can be employed in a variety of ways functioning as an interesting new explanatory variable to complement and approximate survey data in areas such as tourism demand consumer confidence and many more In particular the cross country sentiment analysis reveals compelling information on media biases the reporting on alternative truths and countries as a filter bubble In addition to quantitative comparisons the descriptive statistics reveal important information on the sentiment developments across countries While this research is able to provide interesting findings for real world applications for consumers businesses and society the awareness of a media landscape that is heavily and increasingly dominated by negative news is particularly striking Thus in addition to the actual applications above all the thesis shows the media landscape in which everyone must act in the future

I Bring You Good News Don Baunsgard, 2020-01-10 All of us are on an epic journey searching for answers and for the truth We are broken and hurting hoping to find comfort in the words of our Savior Jesus Christ I have been on this journey for forty years seeking to find the treasures hidden within the Scriptures of the New Testament I am not exclaiming that I have found something that others have not but I would like to take you on an excursion to discover how the words and life of Christ have transformed me forever With a deep desire to know the Rabbi I have applied to my life the love the beauty and the forgiveness he has shared which manifested into an incredible life and an unforgettable experience Will you join me on this quest so I can bring you the Good News
