

THE RHETORIC OF MORALITY AND PHILOSOPHY

Plato's Gorgias and Phaedrus

SETH BENARDETE

Rhetoric Of Morality And Philosophy

Taunton (Mass.). Public Library

Rhetoric Of Morality And Philosophy:

The Rhetoric of Morality and Philosophy Seth Benardete,2009-04 The distinguished classicist Seth Benardete here interprets and for the first time pairs two important Platonic dialogues the Gorgias and the Phaedrus In linking these dialogues he places Socrates notions of rhetoric in a new light and illuminates the way in which Plato gives morality and eros a place in the human soul **Rhetoric at the Non-Substantialistic Turn** Therese Boos Dykeman,2018-05-04 Rhetoric at the Non Substantialistic Turn The East West Coin presents a unique theory of rhetoric that encompasses both Eastern and Western approaches Based on the Field Being philosophy founded by Lik Kuen Tong this theory gives an account of the ontological foundations of both kinds of rhetoric Beginning with an exposition of the nature of Field Being rhetoric as Eastern and Western this book presents chapters on Eastern and Western rhetoric over history as power ethics art creativity politics and communication It acknowledges the thinking of many philosophers and rhetoricians who have contributed to East West comparative studies in both fields and argues that both understandings of rhetoric are necessary for global communication

The Formation of College English Thomas P. Miller, 1997 In the middle of the eighteenth century English literature composition and rhetoric were introduced almost simultaneously into colleges throughout the British cultural provinces Professorships of rhetoric and belles lettres were established just as print was reaching a growing reading public and efforts were being made to standardize educated taste and usage The provinces saw English studies as a means to upward social mobility through cultural assimilation In the educational centers of England however the introduction of English represented a literacy crisis brought on by provincial institutions that had failed to maintain classical texts and learned languages Today as rhetoric and composition have become reestablished in the humanities in American colleges English studies are being broadly transformed by cultural studies community literacies and political controversies Once again English departments that are primarily departments of literature see these basic writing courses as a sign of a literacy crisis that is undermining the classics of literature The Formation of College English reexamines the civic concerns of rhetoric and the politics that have shaped and continue to shape college English Living Without Philosophy Peter Levine, 1998-01-01 Drawing on implications from ethics theology law politics and education this book argues that we can decide what is right by describing particular cases in detail without the aid of ethical theories and principles Classical Rhetoric in English, 1650-1800 Tania Sona Smith, 2020-11-04 Classical Rhetoric in English 1650 1800 features English translations of the era s most cherished Greek and Roman orators rhetorical philosophers and rhetorical critics The publication history reveals how a distinctive British canon emerged from selected works by Plato Isocrates Demosthenes Aristotle Theophrastus Cicero Seneca Quintilian Tacitus and Longinus Works by these ten authors especially Cicero and Longinus were widely disseminated becoming key texts in the formation of British rhetorical culture At the core of the volume annotated selections offer the twenty first century reader a sampling of these classical rhetorical works in translation The glossary of rhetorical criticism

elucidates the now archaic meanings of words that enabled citizens to communicate their moral and rhetorical taste Rhetorical Realism Scot Barnett, 2016-11-10 Rhetorical Realism responds to the surging interest in nonhumans across the humanities by exploring how realist commitments have historically accompanied understandings of rhetoric from antiquity to the present For a discipline that often defines itself according to human speech and writing the nonhuman turn poses a number of challenges and opportunities for rhetoric To date many of the responses to the nonhuman turn in rhetoric have sought to address rhetoric s compatibility with new conceptions of materiality In Rhetorical Realism Scot Barnett extends this work by transforming it into a new historiographic methodology attuned to the presence and occlusion of things in rhetorical history Through investigations of rhetoric s place in Aristotelian metaphysics the language invention movement of the seventeenth century and postmodern conceptions of rhetoric as an epistemic art Barnett's study expands the scope of rhetorical inquiry by showing how realist ideas have worked to frame rhetoric s scope and meanings during key moments in its history Ultimately Barnett argues that all versions of rhetoric depend upon some realist assumptions about the world Rather than conceive of the nonhuman as a dramatic turning point in rhetorical theory Rhetorical Realism encourages rhetorical theorists to turn another eye toward what rhetoricians have always done defining and configuring rhetoric within a broader ontology of things Aristotle's Rhetoric David J. Furley, Alexander Nehamas, 2015-03-08 In the field of philosophy Plato s view of rhetoric as a potentially treacherous craft has long overshadowed Aristotle s view which focuses on rhetoric as an independent discipline that relates in complex ways to dialectic and logic and to ethics and moral psychology This volume composed of essays by internationally renowned philosophers and classicists provides the first extensive examination of Aristotle's Rhetoric and its subject matter in many years One aim is to locate both Aristotle's treatise and its subject within the more general context of his philosophical treatment of other disciplines including moral and political theory as well as poetics The contributors also seek to illuminate the structure of Aristotle's own conception of rhetoric as presented in his treatise The first section of the book which deals with the arguments of rhetoric contains essays by M F Burnyeat and Jacques Brunschwig A section treating the status of the art of rhetoric features pieces by Eckart Sch trumpf J rgen Sprute M M McCabe and Glenn W Most Essays by John M Cooper Stephen Halliwell and Jean Louis Labarri re address topics related to rhetoric ethics and politics The final section on rhetoric and literary art comprises essays by Alexander Nehamas and Andr Laks Originally published in 1994 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The ethics of rhetoric Richard M. Weaver, 2023-11-17 In The Ethics of Rhetoric Richard M Weaver presents a profound exploration of the

interplay between rhetoric and morality arguing for the intrinsic connection between persuasion and ethical considerations Weaver adopts a dialectical style grounding his discourse in classical rhetoric while engaging with contemporary philosophical thought The book articulates the dangers of rhetoric devoid of ethical grounding drawing from historical examples and weaving in the complexities of communication in a modern context thereby establishing itself as a critical text for understanding the power of language in shaping societal values and beliefs Richard M Weaver 1910 1963 was a prominent figure in American rhetoric and communication celebrated for his blend of classical scholarship and practical application in modern society His experiences in an increasingly post war America characterized by rapid societal change and the rise of mass communication informed his urgency to address the ethical implications of persuasion Weaver s philosophical insights were often influenced by his Southern heritage and rigorous academic background allowing him to navigate the intersection of culture language and morality with nuanced clarity This may be the essential book for anyone interested in the ethics of communication rhetoric or social philosophy Weaver's compelling arguments challenge readers to reflect critically on the ethical responsibilities inherent in the act of persuasion making it a vital contribution to rhetorical studies and a thought provoking read for students scholars and practitioners alike The Ethics of Aristotle Illustrated with Essays and Notes by Alexander Grant Alexander Grant, Aristotle, 1874 Ethics Under Capital Jason Hannan, 2019-11-14 We in the West are living in the midst of a deadly culture war Our rival worldviews clash with increasing violence in the public arena culminating in deadly riots and mass shootings A fragmented left now confronts a resurgent and reactionary right which threatens to reverse decades of social progress Commentators have declared that we live in a post truth world one dominated by online trolls and conspiracy theorists How did we arrive at this cultural crisis How do we respond This book speaks to this critical moment through a new reading of the thought of Alasdair MacIntyre Over thirty years ago MacIntyre predicted the coming of a new Dark Ages The premise of this book is that MacIntyre was right all along It presents his diagnosis of our cultural crisis It further presents his answer to the challenge of public reasoning without foundations Pitting him against John Rawls J rgen Habermas and Chantal Mouffe Ethics Under Capital argues that MacIntyre offers hope for a critical democratic politics in the face of the culture wars Catalogue of the Public Library of the City of Taunton, Mass Taunton (Mass.). Public Library, 1878 Zeitschrift für philosophische Forschung ,1995 On the Nicomachean ethics in relation to the other ethical writings included among the works of Aristotle Aristotle, 1885 Dialogue and Universalism ,1995 **The Ethics of Aristotle** Aristotle, 1874 Analysis of Bacon's Advancement of Learning Isaac Plant Fleming, 1876 The Philosopher's Index ,2008 Vols for 1969 include a section of abstracts The Works of Francis **Bacon: Philosophical works** Francis Bacon, 1887 Constructive Ethics, a Review of Modern Moral Philosophy in Its Three Stages of Interpretation, Criticism, and Reconstruction William Leonard Courtney, 1886 Bibliotheca Californiae California State Library, 1871
