Catalog of NIE Education Products National Institute of Education (U.S.), 1975 Catalog of NIE Education Products, 1978 *Making Music in Montessori* Michael Johnson, 2020-11-21 Infused with a warm, affable tone, *Making Music in*

Montessori is the Guide's guide to music education, providing Montessori teachers all at once a snappy practical handbook, music theory mentor/pedagogical manual, and resource anthology. The book's goal: To give teachers confidence in music so that when their children walk away from a lesson, all fired up to compose their own music, their teacher will know how to guide them. Before *Making Music in Montessori*, teachers may have only dreamed of a classroom buzzing with children working, learning, and growing with music alongside all of the other subject areas in the Montessori curriculum. Now it's a reality. If children's minds are a fertile field, then *Making Music in Montessori* will stir Montessori teachers of all musical backgrounds to don their overalls, roll up their sleeves, sow the musical seeds, and watch them blossom under their children's flaming imagination.

Butler, 2017-07-05 Discos, clubs, and raves have been focal points for the development of new and distinctive musical and cultural practices over the past four decades. This volume presents the rich array of scholarship that has sprung up in response. Cutting-edge perspectives from a broad range of academic disciplines reveal the complex questions provoked by this musical tradition. Issues considered include aesthetics, agency, the body in dance, movement, and space, composition, identity, including gender, sexuality, race, and other constructs, musical design, place, pleasure, policing, and moral panics, production techniques such as sampling, spirituality, and religion, sub-cultural affiliations and distinctions, and technology. The essays are contributed by an international group of scholars and cover a geographically and culturally diverse array of musical scenes.
