Networks, Crowds, and Markets David Easley, Jon Kleinberg, 2010-07-19 Are all film stars linked to Kevin Bacon Why do the stock markets rise and fall sharply on the strength of a vague rumour How does gossip spread so quickly Are we all related through six degrees of separation There is a growing awareness of the complex networks that pervade modern society We see them in the rapid growth of the internet the ease of global communication the swift spread of news and information and in the way epidemics and financial crises develop with startling speed and intensity This introductory book on the new science of networks takes an interdisciplinary approach using

economics sociology computing information science and applied mathematics to address fundamental questions about the links that connect us and the ways that our decisions can have consequences for others **Climate Changing Processes**

Adam Jabłoński, Marek Jabłoński, 2025-09-17 The aim of the monograph is to present a modern and innovative approach to the issues of dysfunctions of economic and social ecosystems caused by climate anomalies The deformation of the economic and social system caused by climate change has a surprising dimension and the degree of impact of climate change on the organizational behavior of various types of entities determines in many cases their ability to survive Survival does not apply to all organizations but only to those that are able to make appropriate effective and efficient decisions in an environment of many crises They should result from the logic methodology of the conceptual framework adequate for the management mechanisms of a given type of organization taking into account sectoral conditions **Human-Computer Interaction and Knowledge Discovery in Complex, Unstructured, Big Data**
