Doordash Review:

There Is No Place for Us Brian Goldstone, 2025-03-25 Through the unforgettable stories of five Atlanta families this landmark work of journalism exposes a new and troubling trend the dramatic rise of the working homeless in cities across America Read this extraordinary book If you're lucky you'll be changed Adrian Nicole LeBlanc author of *Random Family* The working homeless In a country where hard work and determination are supposed to lead to success there is something scandalous about this phrase But skyrocketing rents low wages and a lack of tenant rights have produced a startling phenomenon People with full-time jobs cannot keep a roof over their head especially in America's booming cities where rapid growth is leading to catastrophic displacement These families are being forced into homelessness not by a failing economy but a thriving one In this gripping and deeply reported book Brian Goldstone plunges readers into the lives of five Atlanta families struggling to remain housed in a gentrifying increasingly unequal city Maurice and Natalia make a fresh start in the country's Black Mecca after being priced out of DC Kara dreams of starting her own cleaning business while mopping floors at a public hospital Britt scores a coveted housing voucher Michelle is in school to become a social worker Celeste toils at her warehouse job while undergoing treatment for ovarian cancer Each of them aspires to provide a decent life for their children and each of them one by one joins the ranks of the nation's working homeless Through intimate novelistic portraits Goldstone reveals the human cost of this crisis following parents and their kids as they go to sleep in cars or in squalid extended stay hotel rooms and head out to their jobs and schools the next morning These are the nation's hidden homeless omitted from official statistics and proof that overflowing shelters and street encampments are only the most visible manifestation of a far more pervasive problem By turns heartbreaking and urgent *There Is No Place for Us* illuminates the true magnitude causes and consequences of the new American homelessness and shows that it won't be solved until housing is treated as a fundamental human right

Digital Natives as a Disruptive Force in Asian Businesses and Societies Dastane, Omkar, Aman, Aini, Bin Mohd Satar, Nurhizam Safie, 2023-07-03 A new generation of Asian entrepreneurs is bringing their creativity innovation and digital expertise to market assisting the region in becoming a disruptive force on the global stage Live commerce which combines fast purchases with entertainment is revolutionizing China's retail industry and new applications are making users' lives easier and more intertwined A relatively young and increasingly well-educated population driven by Millennials and Gen Zs is driving such high levels of internet and mobile usage In the following decade these digital natives born between 1997 to 2012 will account for one-third of Asia's consumption Despite its relevance there is a scarcity of research on digital natives and transformation in Asia or reflections of the same in a global context *Digital Natives as a Disruptive Force in Asian Businesses and Societies* fosters multidisciplinary collaboration in order to uncover fresh theoretical and empirical views on digital natives digital technology and digital revolutions in Asian enterprises and society Covering key topics such as the digital divide internet marketing and social commerce this major reference work is ideal for

The Handbook for the Future of Work Julie MacLeavy, Frederick Harry Pitts, 2024-12-26 The Handbook for the Future of Work offers a timely and critical analysis of the transformative forces shaping work and employment in the twenty first century Focusing on the past two decades the handbook explores how technological advancements automation and a shifting capitalist landscape have fundamentally reshaped work practices and labour relations Beyond simply outlining the challenges and opportunities of automation the handbook integrates these emerging realities with established discussions of work Importantly it moves beyond dominant technology centric narratives probing into broader questions about the nature of capitalism in a time of crisis and the contestation for alternative economic models With contributions from established and emerging authors based in institutions around the world the handbook offers a systematic overview of the developments that have sparked radical shifts in how we live and work and their multifaceted impacts upon social relations and identities practices and sectors politics and environments The handbook is unique in its exploration of the potential for economic transformations to reshape the centrality of work in our social and political imaginaries A useful resource for students and researchers the handbook serves as an essential guide to this new intellectual landscape

The Danger of Devaluing Immigrants Fariborz Ghadar, 2022-11-07 Despite deep divisions on the issue of immigration this book shows that immigration promotes economic innovation expands the job market and contributes to diversity and creativity in the United States Immigration as a conduit for bringing new talent ideas and inventions into the United States is essential to the success and vitality of our economy and society This timely book researched and written by the Immigration Book Project Team at Penn State University approaches immigration from historical economic business and sociological perspectives in order to argue that treatment of immigrants must reflect and applaud their critical roles in supporting and leading the economic social cultural and political institutions of civil society Approaching immigration as both a socioeconomic phenomenon and a matter of public policy The Danger of Devaluing Immigrants offers demographics and statistics on workforce participation and job creation along with stories of individual immigrants contributions to the economy and society It supports the idea that when immigration is challenged in the political sphere we must not lose sight of the valuable contributions that immigrants have made and will continue to make to our democracy

Leading With Values Neil Malhotra, Ken Shotts, 2022-02-17 As societies become more polarized there is increasing pressure for business leaders to have a sense of purpose and to make moral decisions Being a good leader requires both a keen understanding of the realities of human decision making as well as an analysis of what is right and wrong This book integrates lessons from three intellectual traditions psychology philosophy and political economy to guide readers on a journey to rigorously explore their values and decision making The authors begin by examining people s intuitions about right and wrong They then clarify principles that embody these intuitions and help readers engage with others whose intuitions or principles differ from their

own Ultimately this book teaches readers how to be strategic as they lead with their values as individuals as designers of organizations and as businesspeople interacting with societal institutions
