Hippocrates Now Helen King, 2019-11-14 This book is available as open access through the Knowledge Unlatched programme and is available on www.bloomsburycollections.com We need to talk about Hippocrates Current scholarship attributes none of the works of the Hippocratic corpus to him and the ancient biographical traditions of his life are not only late but also written for their own promotional purposes Yet Hippocrates features powerfully in our assumptions about ancient medicine and our beliefs about what medicine and the physician himself should be In both orthodox and alternative medicine he continues to be a model to be emulated This book will challenge widespread assumptions about Hippocrates and in the process about the history of medicine in ancient Greece and beyond and will also explore the creation of modern myths about the ancient world Why do we continue to use Hippocrates and how are new myths constructed around his name How do news stories and the internet contribute to our picture of him And what can this tell us about wider popular engagements with the classical world today in memes quotes and online

Evolutionary Algorithms in Intelligent Systems Alfredo Milani, Arturo Carpi, Valentina Poggioni, 2020-12-07 Evolutionary algorithms and metaheuristics are widely used to provide efficient and effective approximate solutions to computationally hard optimization problems With the widespread use of intelligent systems in recent years evolutionary algorithms have been applied beyond classical optimization problems to AI system parameter optimization and the design of artificial neural networks and feature selection in machine learning systems This volume will present recent results of applications of the most successful metaheuristics from differential evolution and particle swarm optimization to artificial neural networks IoT allocation and multi objective optimization problems It will also provide a broad view of the role and the potential of evolutionary algorithms as service components in AI systems

Transhumanisms and Biotechnologies in Consumer Society Jennifer Takhar, Rika Houston, Nikhilesh Dholakia, 2022-11-28 Transhumanisms and Biotechnologies in Consumer Society offers new critical perspectives on the impact of life enhancing technological advancements on consumer identity positions and market evolutions Technoprogessive innovations that include body modification technologies and reproductive technologies have enabled people to transcend bodily constraints In parallel they provoke necessary critical interrogation around human capabilities technological possibilities gender equality feminism personal identity bioethics markets and morality The contributions in this book re evaluate these topics and elucidate some of the vexed relationships between consumers of biotechnologies and markets they consider restrictive or misleading Secondly by illustrating consumers questioning of and resistance to biomedical market imperatives they highlight how the notion of consumer sovereignty consumer influence over markets has now advanced into novel forms of consumer activism made manifest through contemporary health justice movements The chapters in this book also uncover profoundly personal consumer accounts on coping with and managing bodies in transition focusing on illness self perception survivorship and the vicissitudes of these corporeal experiences This book will allow

readers to understand how accelerated technological market changes are being experienced and creatively countered at the societal and individual level The chapters in this book were originally published as a special issue of Journal of Marketing Management

The Paleo Miracle Joseph Salama, Christina Lianos, 2014-06-20 The Paleo Miracle 50 Real Stories of Health Transformation Do you think that weight gain and disease are simply a function of age and genetics Do you wonder why despite eating a whole grain low fat diet and putting in countless hours of exercise you aren't getting any thinner Most importantly Why do you eat the way you do Because someone else told you that it is healthy In the paleo community we believe that FOOD IS MEDICINE We have either eliminated all symptoms of or dramatically improved the diseases we had diseases like diabetes heart disease ADHD Crohn's and many others by eating REAL food and in most cases have become completely medication free And we have learned that when your body is healthy inside it will automatically look healthier on the outside too As a result most of us have lost a lot of body fat Bonus The people featured in this book are but a handful of THOUSANDS who have all undergone a miraculous transformation in their health to the point where many of them have started blogs or websites and written books like this one We are all born again but this time in perfect health and are excited to share our secret with you The only question left is Do YOU have the courage to make a huge positive change in YOUR life The Paleo Miracle 50 Real Stories of Health Transformation is perfect for those needing to reset their health those wanting to shed weight those wanting to show the power of paleo to friends and family and those who are already paleo and need a bit of motivation At least half the profits from the sale of this book will go to charity
