Flynn, 2005 Three new modern comedies have been published in the book Three Plays The Little Greenie Hellcat Kate Come in Hypno All three comedies have been successfully produced for short runs at a theater on Long Island and are suitable for all audiences Subject matter treated by the three plays varies widely from the problems of a butler who s been cut out of a will and seeks satisfaction to the romantic perils of life in New York City to the complications that arise when computers start to talk and listen to people The butler of The Little Greenie tires to solve his de willed problem by enticing a young law student into marrying the daughter of the rich family he works for An agreement is signed whereby the butler is to get 10% of whatever the student latches onto The girl s mother becomes suspicious and brings in the family lawyer and together they engage a private detective Meanwhile the maid of the house is trying to get the butler to marry her while the boyfriend of the girl thinks he can buy off this latest fortune hunter with a few hundred dollars This play has been made into a video movie and is available in VHS or DVD from [www customflix com](http://www.customflix.com) or order from the author at [www thelittlegreenie com](http://www.thelittlegreenie.com) In Hellcat Kate an unemployed engineer has to cope with a live in girlfriend who is a travel agent and goes on a short trip to Brazil with a customer who appears to be excessively amorous The girl s mother Hellcat Kate does not get along well with the engineer and decides that her daughter should marry the man she goes to Brazil with even if he is married at the moment Kate works to get the engineer and an old girlfriend of his together again when she learns that she is the wife of the man she wants her daughter to marry When this attempt fails Kate even tries to seduce the engineer Come In Hypno explores the world of computer programs that understand in a crude way what people say and can talk back to them Students at a modern college are writing so many talk and listen programs that the professor in charge Ms Ardis McPherson is driven to distraction and would love to get rid of some of the hackers When a

student has a fainting spell he is misdiagnosed by a pre med student as being dead and some students are willing to believe that Professor McPherson actually murdered him One of the programs Hypno has been designed to hypnotize people especially girls Another program Feeder runs to college s food and nutrition program buying food and watching out for various student allergies Things can go wrong in a situation of this kind and they do Cheat Sheet to Heaven Rachel Roman Tipton,2020-01-22 Had enough of life Feeling discontent all the time Feeling sad depressed angry and all alone in this big world What if I told you there was a way to have peace instantaneously forever What if I took away all your pain stress anxiety self doubt loneliness and sickness What if I gave you a cheat sheet to enter into heaven What if I told you this book is not a self help psychological or religious book but is a book about thought What if I gave you a secret formula for a different way to think about everything so you are able to find inner bliss What if I told you there is another way of looking at things so you can be content and happy going forward with life What if I showed you a way to make the circumstances you have to deal with and the negative people you are faced with daily to turn around into a positive light Join me on this journey as I teach you what I have learned and give you the tools to have eternal peace I will explain to you why you feel the way you do why you have conflict with others and why bad things always seem to happen I start with showing you examples of my crazy life and ego how I was able to let go of everything and find the truth of who I really was The next part identifies your current state of mind and gives a detailed description on how to change it I also offer vivid tools in a special matrix I created for you to find your true place I have a section on how to deal with children and how to send them forth with a positive mindset My recollections on religion death evolution and the bible are discussed in a way that will change your whole entire viewpoint The way you are currently doing things is not working so you might as well take the chance to see if this book can change you forever Learn more at cheatsheettoheaven.com The Juvenile Rechabite ,1898 **The Wellingtonian** Wellington College,1871 Modern Poultry Keeping ,1962 **Ballou's Monthly Magazine** ,1871 *Vanity Fair* ,1880 **A dictionary of the French and English languages.
