*Competency-based Resumes* Robin Kessler, Linda A. Strasburg, 2005-01-01 This book shows today's job candidates a new more targeted way to write resumes to get them back on the same playing field with the best employers and improve their odds of winning the job they want. The system an employer uses when filling jobs has changed significantly in the past few years and it is still evolving. Rather than simply looking at an applicant's past jobs, companies are instead looking at candidate's experiences in certain key areas including measurable work habits and the personal skills known as competencies used to achieve objectives at work. Competency Based Resumes offers you a new and effective way to create resumes that emphasize the knowledge, skills, and abilities that you have and employers need. **How To Excel At Fire Department Promotional**

Over the 20 plus years I have been in the fire service I have had the opportunity to be on both sides of the promotional process as a candidate and as a rater and proctor. This book will assist fire department personnel specifically prepare for their next promotional exam. Promotional candidates will be exposed to and offered key points for the most common tasks and events within a fire department promotional process including but not limited to promotional preparation, completing the application, resume preparation, the written exam, the oral interview, the personnel problem, the oral presentation, and the emergency simulation.
