A red circular graphic with a gradient, appearing as a semi-circle or a partial circle, located to the right of the author's name.

Memes Today Usa Download:

Meme Wars Joan Donovan, Emily Dreyfuss, Brian Friedberg, 2022-09-20 A groundbreaking investigation into the digital underworld where far right operatives wage wars against mainstream America from a masterful trio of experts in media and tech Memes have long been dismissed as inside jokes with no political importance Nothing could be further from the truth Memes are bedrock to the strategy of conspiracists such as Alex Jones provocateurs like Milo Yiannopoulos white nationalists like Nick Fuentes and tacticians like Roger Stone While the media and most politicians struggle to harness the organizing power of the internet the redpill right weaponizes memes pushing conspiracy theories and disinformation into the mainstream to drag people down the rabbit hole These meme wars stir strong emotions deepen partisanship and get people off their keyboards and into the streets and the steps of the US Capitol Meme Wars is the first major account of how Stop the Steal went from online to real life from the wires to the weeds Leading media expert Joan Donovan PhD veteran tech journalist Emily Dreyfuss and cultural ethnographer Brian Friedberg pull back the curtain on the digital war rooms in which a vast collection of antiesablistmentarians bond over hatred of liberal government and media Together as a motley reactionary army they use memes and social media to seek out new recruits spread ideologies and remake America according to their desires A political thriller with the substance of a rigorous history Meme Wars is the astonishing story of how extremists are yanking our culture and politics to the right And it's a warning that if we fail to recognize these powerful undercurrents the great meme war for the soul of America will soon be won

Can the Left Learn to Meme? Mike Watson, 2019-11-29 Taking in an array of cultural references from the contemporary art world to cat memes Stranger Things the Kardashians Jenners Mad Men Run the Jewels and video gaming Can the Left Learn to Meme argues that there is positivity in millennial era cultural production Utilising Adorno's unswerving yet understated hope in spite of the odds Mike Watson embraces the abstraction of the new media landscape as millennials refuse to surrender to cynicism by outweirding even the world at large They pose a radical alternative to the right wing approach of Steve Bannon and the conservative psychology of Jordan Peterson Here the cultural elitism of the art world is contrasted with the anything goes approach of millennial culture The left avant garde dream of an art for all is with us though you won't find it in museums It is time the left learned to meme challenging conventions along the way

The Discursive Power of Memes in Digital Culture Bradley E. Wiggins, 2019-02-25 Shared posted tweeted commented upon and discussed online as well as off line internet memes represent a new genre of online communication and an understanding of their production dissemination and implications in the real world enables an improved ability to navigate digital culture This book explores cases of cultural economic and political critique levied by the purposeful production and consumption of internet memes Often images animated GIFs or videos are remixed in such a way to incorporate intertextual references quite frequently to popular culture alongside a joke or critique of some aspect of the human experience Ideology semiotics and intertextuality coalesce in the book's argument

that internet memes represent a new form of meaning making and the rapidity by which they are produced and spread underscores their importance The Connection, 2001 Sedition Hunters Ryan J. Reilly, 2023-10-17 The January 6th attack is an unprecedented crime in American history Sprawling and openly political it can't be handled by the traditional rules and norms of law enforcement threatening the very idea of justice and its role in society The attack on the Capitol building following the 2020 election was an extraordinarily large and brazen crime Conspiracies were formed on social media in full public view the law breakers paraded on national television with undisguised faces and with outgoing President Donald Trump openly cheering them on The basic concept of law enforcement investigators find criminals and serve justice quickly breaks down in the face of such an event The system has been strained by the sheer volume of criminals and the widespread perception that what they did wasn't wrong A mass of online tipsters sedition hunters have mobilized simultaneously providing the FBI with valuable intelligence and creating an ethical dilemma Who gets to serve justice How can law enforcement still function as a pillar of civil society As the foundations of our government are questioned the FBI and Department of Justice are the first responders to a crisis of democracy and law that threatens to spread and fast In this work of extraordinary reportage Ryan Reilly gets to know would be revolutionaries obsessive online sleuths and FBI agents and shines a light on a justice system that's straining to maintain order in our polarized country From the moment the police barriers were breached on January 6th 2021 Americans knew something had profoundly changed *Sedition Hunters* is the fascinating high stakes story of what happens next *Open Access and the Future of Scholarly Communication* Kevin L. Smith, Katherine A. Dickson, 2016-12-08 This volume the second of two in the series *Creating the 21st Century Academic Library* that deals with the topic of open access in academic libraries focuses on the implementation of open access in academic libraries Chapters on the legalities and practicalities of open access in academic libraries address the issues associated with copyright licensing and intellectual property and include support for courses that require open access distribution of student work The topic of library services in support of open access is explored including the library's role in providing open educational resources and as an ally and driver of their adoption for example by helping defray author fees that are required for open access articles A detailed look at open access in the context of undergraduate research is provided and considers how librarians can engage undergraduates in conversations about open access Chapters consider ways to engage undergraduate students in the use understanding evaluation and creation of open access resources Issues that are of concern to graduate students are also given some attention and central to these are the development of Electronic Thesis and Dissertation ETD programs A chapter examines the library's role in balancing greater access to graduate student work with the consequences of openness such as concerns about book contracts and sales plagiarism and changes in scholarly research and production The book concludes with issues surrounding open data and library services in critical data librarianship including advocacy preservation and instruction It is hoped that this volume and the series in general will be a valuable and

exciting addition to the discussions and planning surrounding the future directions services and careers in the 21st century academic library **Humour and the Performance of Power in South Asia** Sasanka Perera, Dev Nath Pathak, 2022-01-25

This book critically examines the role and politics of humour and the performance of power in South Asia What does humour do and how does it manifest when lived political circumstances experience ruptures or instability Can humour that emerges in such circumstances be viewed as a specific narrative on the nature of democracy in the region Drawing upon essays from India Sri Lanka and Bangladesh this volume discusses many crucial historical and contemporary themes including dance drama performances in northern India caste and stand up comedy in India cartoon narratives of citizens anxieties civic participation through social media memes in Sri Lanka media politics and humorous public in Bangladesh the politics of performance in India and the influence of humour and satire as political commentaries The volume explores the impact of humour in South Asian folklore ritual performances media and journalism and online technologies This topical and interdisciplinary book will be essential for scholars and researchers of cultural studies political science sociology and social anthropology media and communication studies theatre and performance studies and South Asian studies *GeoWorld*
