## Nfl Schedule Update:

Pro Football Schedules Ivan Urena, 2013-12-25 This book explains how the NFL determines each team's opponents and how the league's scheduling format has evolved throughout the years. It includes a history on the evolution of the pro football schedule, explores all of the scheduling formulas used in the National Football League, American Football League, and the All America Football Conference, and presents home and away opponent charts from 1933 through the 2017 season. **Power Played** Derek Silva, Liam Kennedy, 2022-10-01 This innovative collection convincingly argues that modern sport can be characterized by unequal and problematic power relations that are inextricably linked to issues of violence, harm, deviance, and punishment. On the one hand, sport is a mainstay of community building, an expression of solidarity, and a means to mental and social health. On the other, there is the star player who commits sexual violence, the trans athlete whose achievements are dismissed as fraudulent, or the racist and abusive nationalism of the impassioned sports fan. From drawing connections between head trauma and athletic violence to exploring the social meanings of sport in prison, contributors to this volume reimagine sport as an important unit of analysis for critical criminologists. Messages about crime, violence, and punishment in sport mirror broader relations of power that exist off the field. Situated at the intersections of sport, sporting culture, and crime, *Power Played* blows the whistle on the harm, violence, and exploitation embedded within. *Pro Football Guide* Craig Carter, D.D., Sporting News Staff, 2000-04-11 Everything a fan needs to know for the 2000 NFL season is in one easy-to-use reference book.
