Attempts to measure competitiveness CP across countries have typically neglected the world's smallest economies Hence a simple composite index the Small State Manufactured Export CP Index or SSMECI was developed to benchmark industrial CP The SSMECI represents the first attempt to provide a comprehensive picture of the CP performance of small states The performance of small states varies across geographical regions income groups country size classes High performing small states had better macroeconomic conditions higher levels of foreign invest more trade openness better levels of educ modern infrastructure A coherent market oriented CP strategy in small states is vital to success on international markets Tables

Rising to the Challenge in Asia: An overview Asian Development Bank,1999 The Asian currency and financial crisis has had far reaching effects on the regional economies and their trading partners These effects have threatened to wash away the region's significant social and economic advances achieved during the preceding years of rapid growth The crisis has also unveiled many intricate problems and challenges in macroeconomic management banking and capital markets management institutional capacity and governance of the financial systems in the region

Monetary Poverty Estimates in Sri Lanka Neranjana Gunetilleke,2008-05 Provides an introduction to poverty related data available in Sri Lanka monetary measurements of poverty carried out using this data The lack of an official poverty line in Sri Lanka until June 2004 has over time generated a number of poverty lines corresponding poverty measures While these poverty measures have provided a good base for poverty analysis this paper also touches on the problems generated by the use of multiple methods The release of the official poverty line by the Dept of Census Statistics can be seen as a major step forward in the debate on poverty measurement in Sri Lanka Charts tables

Rising to the Challenge in Asia: Republic of Korea Asian Development Bank,1999 *Rising to the Challenge in Asia: Malaysia* Asian Development Bank,1999 *Financial Crises and the Politics of Macroeconomic Adjustments* Stefanie Walter,2013-10-31 This book explains why governments respond differently to macroeconomic problems and why necessary reforms are sometimes delayed until a serious financial crisis erupts It argues that voter vulnerability to different reform strategies varies and that these vulnerabilities influence the type and timing of governments policy responses to economic crises Empirical analyses at both the individual level across a broad range of

countries and case studies of national policy responses to financial and economic crises in Asia and Eastern Europe support the argument **Inclusive Growth Toward a Prosperous Asia** Ifzal Ali,Juzhong Zhuang,2007
