Physics And The Alchemy Of Consciousness:

Physics and the Alchemy of Consciousness Pir Vilayat Inayat Khan, 1979-01-01 Mind Into Matter Fred Alan Wolf, 2001

Alchemists of the old attempted to make sense of the universe to discover the connection between mind and matter. Some of today's scientists, in particular quantum physicists, are doing the same. In his latest contribution to the study of consciousness, physicist Fred Alan Wolf reveals what he calls the new alchemy: a melding of the ideas of the old alchemists and the new scientists to reach a fuller understanding of the mind and matter.

Science & Consciousness M. Cazenave, 2013-10-22

This book explores the concept of consciousness when defined in the terms: mind, spirit, soul, and awareness. It consists of the edited proceedings of a colloquium held in Cordoba at which experts in physics, neuro, and psycho physiology, analytical psychology, philosophy, and religious knowledge discussed aspects of their work related to this main theme. The following areas are covered: quantum mechanics and the role of consciousness; neurophysiology and states of consciousness; the manifestation of the psyche in consciousness; the odyssey of consciousness and science and consciousness. The discussions which follow give a multi-disciplinary perspective on the questions involved.

That's why the term enlightenment from the infinite light of eternity itself. Eternity is an ultimate canvas, reality, huger, bigger, transcendental, above, beyond, above, then the universal body itself, actually the ultimate canvas, reality where the magic, holy show of the universal body is displayed. Paint, eternity is infinite transcendence. Manik is a book about the inner journey into the mystery, reality of the individual unconscious, collective unconscious, and cosmic unconscious that dictate, influence the life of all people on earth. 99.9 percent of humanity live unconscious, asleep, hypnotized by conditioning of society, system, out of date, expired religions. The unconscious is a within reality that you should never underestimate whatever you do, relation, activity, consider at priority the unconscious of the situation because it is always there, conditioning whatever you do.
