Piano Repertoire Level 2:

Piano Repertoire, Level 2 David Carr Glover, Louise Garrow, The Piano Repertoire books are written to supplement and reinforce the music fundamentals that the student is learning at this level of advancement. They may be used with any piano course or library. The books of the Primer Level and Levels I II present familiar folk songs and original solos. Folk songs are used at this early beginning level to give the student materials that he is familiar with and which he will enjoy playing for himself and his friends. This wealth of folk music gives him reading experience, develops musical taste and acquaints him with folk lore of other countries. Level III is a collection of melodies of famous composers.

Every entry offers description, publisher, number of pages, performance time, style and characteristics and level of difficulty. Extensively revised, this new edition is destined to become a trusted guide for years to come.

What interesting work have I never heard of? How difficult is it? What are its special musical features? How can I reach the publisher? New to the fourth edition are enhanced indexes identifying black composers, women composers and compositions for piano with live or recorded electronics, a thorough listing of anthologies and collections organized by time period and nationality, now including collections from Africa and Slovakia, and expanded entries to account for new material, works and resources that have become available since the third edition, including websites and electronic resources.
