rebellious utterances of the fish when hooked and landed There were the trouts white and speckled so plentiful in Louisiana and Mississippi waters the delicious sheepshead with stripes of the broiler ready upon it as it came from the water the handsome red fish marked for ready identification by a single black dot beside its tail and then such aristocrats as the Spanish mackerel a nobleman indeed beside his plebeian relative the mackerel of the Atlantic and supreme among fish the delicious pompano With those and an infinity of oysters at command it was not to be wondered at that the native chefs wrought marvels of tastiness that have been the envy of many a European cordon bleu Lastly there were the Indians to whom at least one item of Creole cookery still today fairly indispensable is due namely the gumbo file Even to the present day that condiment so unlike all others is gathered and sold by the remains of the once powerful Choctaws With all these new elements added we find ourselves far away from the original French cuisine but that school had the force to enclose the New World additions without losing any of its own charms when it became a question of cooking the standard foods
