Renaissance Siena A. Lawrence Jenkins,2005-08-01 The art of Renaissance Siena is usually viewed in the light of developments and accomplishments achieved elsewhere but Sienese artists were part of a dynamic dialogue that was shaped by their city's internal political turmoil diplomatic relationships with its neighbors internal social hierarchies and struggle for self definition These essays lead scholars in a new and exciting direction in the study of the art of Renaissance Siena exploring the cultural dynamics of the city and its art in a specifically Sienese context This volume shapes a new understanding of Sienese culture in the early modern period and defines the questions scholars will continue to ask for years to come What emerges is a picture of Renaissance Siena as a city focused on meeting the challenges of the time while formulating changes to shape its future Central to these changes are the city's efforts to fashion a civic identity through the visual arts *Piero Misciatelli. The Piccolomini Library in the Cathedral of Siena. Translation by Lilian E. Hunter* Piero Misciatelli (Marchese),1924 Painting in Late Medieval and Renaissance Siena, 1260-1555 Diana Norman,2003-01-01 The city of Siena one of Italy's major artistic centers was home to many celebrated painters among them Duccio Simone Martini Ambrogio and Pietro Lorenzetti Sassetta and Beccafumi This generously illustrated book provides a survey of Sienese painting from 1260 to 1555 an era of extraordinary artistic creativity in the Tuscan city Art historian Diana Norman addresses the style and artistic technique of Sienese painters throughout the three centuries and explores why paintings

were made where they were originally seen and how they were used and enjoyed by their audiences The book focuses on works of art made for Siena itself many of which are still to be seen within the city Norman organizes the discussion around types of commissions and throughout the book situates the paintings within the context of the political social and religious circumstances of late medieval and renaissance Siena
