Quest For Wholeness:

Good People Anthony Tjan, 2017-04-25 Good people are your organization's most critical asset. But what does it really mean to be good? Leaders love to say that any company is only as good as its people but tend to evaluate candidates and employees more by their measurable accomplishments than by their softer qualities like integrity, compassion, and other values. Bestselling author Anthony Tjan is leading a movement to change the way we think about goodness so that we can become better judges of people and create more goodness in ourselves, in others, and in our organizations. Tjan argues that while competence is necessary, real goodness must also encompass values a fantastic résumé can never compensate for mediocre character. In *Good People*, he provides a clear language to discuss goodness, redefining it as a lifelong proactive commitment that like any skill can be exercised, honed, and taught. When leaders prioritize goodness in themselves and in others, they can create lasting cultures and tremendous value. Drawing from his own experiences as an entrepreneur and venture capitalist, Tjan also taps into the wisdom of his relationships and interviews with extraordinary innovators, executives, artists, academics, teachers, and role models from all disciplines and walks of life who embody his vision. The cases and profiles shared include Harvard Business School Dean Nitin Nohria, who has called for balancing leadership of competency with leadership of character; Supreme Court Justice Sonia Sotomayor, who has never forgotten her roots and shows profound kindness to her staff and clerks; Hollywood talent manager Shep Gordon, who has counseled his clients on the importance of generosity and gratitude; legendary venture capitalist Henry McCance, whose success proves that humbly ceding the spotlight to others makes room for their greatness; and master jazz musician Clark Terry, who devotedly mentored the young blind pianist Justin Kauflin. Packed with practical yet often surprising advice, *Good People* establishes a new language and framework you can use to evaluate, develop, and lead with goodness. Tjan will convince you that there is a hard truth in the soft stuff of business and that choosing and working well with good people is truly the only leadership decision that really matters.

Search Without Idols W. Horosz, 2012-12-06 *Search Without Idols* is a study of human transcendence in the context of human striving, projecting, surpassing, overcoming. This power is central to man's search for wholeness. Such transcendence makes reality tolerable. It provides us with an impressive array of human responses which enable us to cope. But it also provides the excesses that go beyond human striving. Nothing seems to be off limits to this ubiquitous power. Such a state of surpassing limits is what we find in the relation between the human search for wholeness and the quest for external totalities which lies beyond the human context. Such soaring flights beyond the capacity of human striving are hard to control, impossible to show responsibility for, and beyond the reach of criteria. The reach exceeds both our grasp and our control.

Transcendence then is a greatly used and much abused human power. Its activities have never ceased to amaze me; its excesses have always troubled me even from the beginning of my studies. This book is not an exercise in self-clarification. I have some thoughts on the matter which I wish to share with the reader. Perhaps we can mutually appreciate the great gift without compromising our sanity. Part I will provide a new look at the meaning of transcendence. *Ultimate Reality and Meaning*, 1984. Beyond Addiction to Awakening; This book is an invitation to you to find completion and wholeness to work through second stage recovery fully including a necessary descent to let go of the separate self and embrace third stage recovery and abide in non-dual being. **Critical Essays on Lawrence Durrell** Alan Warren Friedman, 1987. New Outlook, 1959. *Critical Issues and Decisions* Graduate School, USDA., 1962. **The Consciousness of D.H. Lawrence** Daniel J. Schneider, 1986. This biography of Lawrence is unlike any other in its focus on the essential character of the artist and in its synthesis of the facts of his life and thought. It is written not for specialists but for general readers who wish to deepen their understanding of the development of Lawrence's thought and feeling over the course of his lifetime. The author blends intellectual biography and psychology to focus on Lawrence's religious nature as a shaping force in his life. *Mediaevistik*, 1990. **The Heroine's Journey** Maureen Murdock, 2020-08-18. This book describes contemporary woman's search for wholeness in a society in which she has been defined according to masculine values. Drawing upon cultural myths and fairy tales, ancient symbols and goddesses and the dreams of contemporary women, Murdock illustrates the need for and the reality of feminine values in Western culture today. Trend, 1932. **Wesleyan Leadership in Troubled Times** David L. McKenna, 2002. Christians are to be in the world, not of the world. But worldly self-interest has crept into the church. The ultimate goals of filling empty pews, constructing bigger buildings and ultimately gaining greater glory for the church itself are disguised by seemingly altruistic strategies like church planting and marketing the Gospel. Wesleyan Leadership in Troubled Times calls the church to be holy and whole in motive, mission and ministry. McKenna challenges the church to confront our self-interested culture with the self-sacrificing love of Jesus Christ. **Process Studies**, 1983. *International Philosophical Quarterly*, 1987.
