Indigenous Responses to Western Christianity Steven Kaplan, 1995 For over five hundred years since the great age of exploration Western Christians have visited traded with conquered and colonized large parts of the non Western world In virtually every case this contact has been accompanied by an attempt to spread Christianity This volume explores the manner in which Western missionary Christianity has been shaped and transformed through contact with the peoples of Peru Mexico Africa India Sri Lanka Thailand China and Japan Indigenous Responses to Western Christianity demonstrates how local populations who initially encountered Christianity as a mixture of religion culture politics ethics and technology selected those elements they felt suited their needs The conversion of the local population the volume shows was usually accompanied by a significant indigenization of Christianity Through the detailed examination and comparison of events in a range of countries and cultures this book points provides a deeper understanding of mission history and the dynamics of Christianity s expansion The encounter with Western Christianity is vital to the history of contact between Western and non Western civilizations Western Christians have visited traded with conquered and colonized large parts of the non Western world for over five hundred years and their migration has almost always been accompanied by an attempt to create new Christians in new lands Just as indigenous people have been converted however so too has Christianity become variously indigenized Local populations initially encounter a Christian package of religion culture politics ethics and technology This volume illustrates the ways in which peoples have selected elements of this package to suit their specific needs and so explores the myriad transformations missionary Christianity has undergone through contact with the peoples of Peru Mexico Africa India Sri Lanka Thailand China and Japan Contributing are Erik Cohen University of Jerusalem Yochanan Bar Yafe Szeminski John F Howes D Dennis Hudson Daniel H Bays University of Kansas and Eric Van Young University of California San Diego The chapters are linked by their attempt to overcome conventional regional and disciplinary barriers in order to achieve a deeper understanding of mission history and the dynamics of the expansion of Christianity A remarkable work this volume will pave the way for entirely new approaches to a particularly complex and demanding subject

The Ritual Practice of Time Lars Kirkhusmo Pharo, 2013-11-28 Calendars of Mesoamerican civilisations are subjected to what is categorised as ritual practices of time This book is a comparative explication of rituals of time of four calendars the Long Count calendar the 260 day calendar the 365 day calendar and the 52

years calendar Building upon a comparative analytical model the book contributes new theoretical insights about ritual practices and temporal philosophies This comprehensive investigation analyses how ritual practices are represented and conceptualised in intellectual systems and societies The temporal ritual practices are systematically analysed in relation to calendar organisation and structure arithmetic cosmogony and chronometry spatial temporality cosmology natural world eschatology sociology politics and ontology It is argued that the 260 day calendar has a particular symbolic importance in Mesoamerican temporal philosophies and practices **The Spirit of the Lord Came Upon Me'** Lester L.

Grabbe,2024-01-11 Lester Grabbe here distills his wide body of work on the subject of prophecy The volume considers prophecy in different cultural contexts across ancient Israel and surrounding areas Beginning with a consideration of prophecy in the Hebrew Bible Grabbe then looks at it as phenomenon in the ancient near east including Mesopotamia Egypt and the Levant From this background in the immediate context of ancient Israel Grabbe then widens the cultural lens to consider prophecy in more global environments including Africa and the Americas and recent examples of pseudo biblical prophets such as Joseph Smith In the final part of the book Grabbe then analyses these different prophetic types and forms looking at the continuing traditions of prophecy alongside their ancient roots **Journal of Mesoamerican Studies** ,2002

section *The Magician Within* Robert L. Moore, Douglas Gillette, 1993 An extension of Robert Moore and Douglas Gillette's theory about the underlying structures and dynamics of the male psyche *The Magician Within* explores the psyche's spiritual side and its qualities of insight, wisdom, and healing. The authors present the psychological dynamics of the Magician program, which enables men to move from boyhood into manhood in a positive, self-affirmative way, then enables them to help others, and they illustrate its universal presence in virtually all human societies. Next, they explore the Shadow or destructive side of this male potential and ask men to look at themselves and their own lives to see how they may be caught in the destructive dynamics of either the Detached Manipulator or the Innocent One. Then, readers are invited to use their capacities for thoughtful self-reflection to access the Shaman in themselves for fuller and more generative lives. Moore, Douglas Gillette, 1993 An exploration by a psychoanalyst and a mythologist of one of the four Jungian foundational archetypes within the male psyche **The Hermeneutics of Sacred Architecture: Hermeneutical calisthenics : a morphology of ritual-architectural priorities** Lindsay Jones, 2000 The two volumes of this investigation into how we perceive sacred architecture propose an original interpretation of built environments as ritual architectural events. Exploring the world's cultures and religious traditions, Volume One maps out patterned responses to sacred architecture according to the human experience mechanism interpretation and comparison of architecture. Volume Two, an exercise in comparative morphology, offers a comprehensive framework of ritual architectural priorities by looking at architecture as orientation, as commemoration, and as ritual context. Aztecs & Maya N. James, 2009 This overview of the whole of Central America, the native tradition of tropical Mexico, and western Central America from earliest times to today begins by tracing the first development of villages and chiefdoms and the role of the Olmecs in unifying the region. The core of the book is devoted to the gigantic monuments of their successors, including the City of the Gods and the pyramids that still stand among the Maya forests. It confronts the question of the collapse of these societies 1,000 years ago and goes on to cover the Toltecs and the paradoxical Aztecs, the cataclysmic destruction of the Indian kingdoms by the Spanish, and the Central American tradition's stubborn but uncertain resurgence today. This generously illustrated introduction draws out issues for comparison with other civilizations and is useful for both tourists and armchair travelers. *South and Meso-American Native Spirituality* Gary H. Gossen, Miguel León Portilla, 1993 diverse spiritual traditions that have evolved in South and Central America and the Caribbean since their first violent encounter with Europeans in the 16th century.
