Picnic And Suchlike Pandemonium:

The Picnic and Suchlike Pandemonium Gerald Durrell, 2011-12-16 If you loved My Family and Other Animals and can't get enough of the Durrells after the Corfu series The Picnic and Suchlike Pandemonium is the book for you It constitutes a series of anecdotal snippets and short stories including The Picnic a laugh out loud account of an ill fated Durrell family excursion which should have been a relaxing jolly affair But with the Durrells things are seldom straightforward and on this occasion all that could go wrong did go wrong except Gerald Durrell's sense of humour in recounting the tale Other hilarious and surreal Roald Dahlesque stories ensue including the critically acclaimed Gothic horror story The Entrance

The Picnic, and Suchlike Pandemonium Gerald Malcolm Durrell, 2002 More adventures of the Durrell family including an awful picnic on the Dorset coast and a disastrous expedition on the ill fated Poseidon

The Evolution of Gerald Durrell Mary Sanders Pollock, 2024-05-30 In The Evolution of Gerald Durrell A Naturalist's Critical Biography Mary Sanders Pollock revisits the life and work of Gerald Durrell one of the most significant environmentalist figures of the 20th century This new biography tracks Durrell's evolution from a free range childhood on Corfu through his time in Africa South America and the islands of the Pacific and Indian Oceans Durrell's early work is described in his numerous travel narratives but his conservation activities culminated in the stationary ark a conservation zoo on the Isle of Jersey which still plays an important role in global wildlife conservation efforts This biography situates Durrell's writing collecting and conservation practices within the frameworks of animal studies conservation biology and postcolonial history Familiarizing readers with the broad range of his cultural impact from The Corfu Trilogy to his BBC television specials Pollock shows how Durrell's approach offers models for how life on earth is to thrive and survive scientists must make greater efforts to touch hearts and minds and cultural workers must communicate more about science and the perilous existence of other species
