Virgin Envy Jonathan A. Allan, Cristina Santos, Adriana Spahr, 2016-11-15 Virginity is of concern here that is its utter messiness At once valuable and detrimental normative and deviant undesirable and enviable Virginity and its loss hold tremendous cultural significance For many female virginity is still a universally accepted condition something that is somehow bound to the hymen whereas male virginity is almost as elusive as the G spot we know it s there it s just we have a harder time finding it Of course boys are virgins queers are virgins some people reclaim their virginities and others reject virginity from the get go So what if we agree to forget the hymen all together Might we start to see the instability of terms like untouched pure or innocent Might we question the act of sex the very notion of relational sexuality After all for many people it is the sexual acts they don t do or don t want to do that carry the most abundant emotional clout Virgin Envy is a collection of essays that look past the vestal virgins and beyond Joan of Arc From medieval to present day literature the output of HBO Bollywood and the films of Abdellah Ta a or Derek Jarman to the virginity testing of politically active women in Tahrir Square the writers here explore the concept of virginity in today s world to show that ultimately virginity is a site around which our most basic beliefs about sexuality are confronted and from which we can come to understand some of our most basic anxieties paranoias fears and desires

Who Needs Gay Bars? Greggor Mattson, 2023-05-30 Gay bars have been closing by the hundreds The story goes that increasing mainstream acceptance of LGBTQ people plus dating apps like Grindr and Tinder have rendered these spaces obsolete Beyond that rampant gentrification in big cities has pushed gay bars out of the neighborhoods they helped make hip Who Needs Gay Bars considers these narratives accepting that the answer for some might be maybe nobody And yet Jarred by the closing of his favorite local watering hole in Cleveland Ohio Greggor Mattson embarks on a journey across the country to paint a much more complex picture of the cultural significance of these spaces inside big four gay cities but also beyond them No longer the only places for their patrons to socialize openly Mattson finds in them instead a continuously evolving symbol a physical place for feeling and challenging the beating pulse of sexual

progress From the historical archives of Seattle s Garden of Allah to the outpost bars in Texas Missouri or Florida that serve as community hubs for queer youth these are places of celebration where the next drag superstar from Alaska or Oklahoma may be discovered They are also fraught grounds for confronting the racial and gender politics within and without the LGBTQ community The question that frames this story is not asking whether these spaces are needed but for whom earnestly exploring the diversity of folks and purposes they serve today Loosely informed by the Damron Guide the so called Green Book of gay travel Mattson logged 10 000 miles on the road to all corners of the United States His destinations are sometimes thriving sometimes struggling but all offering intimate views of the wide range of gay experience in America POC white trans cis past present and future

Out of Place Adi Kuntsman, Esperanza Miyake, 2008 This volume asks daring and timely questions about the silence at the heart of queer studies Discussing race alongside queer often submerges raciality within queerness leaving racialised groups silent and silenced out of place This work creates a space where queerness raciality are brought together in creative tension to disturb these silences to hear the invisible to see the inaudible
