## **Personal Landscapes British Poets In Egypt During The Second World War:**

*Personal Landscapes* Jonathan Bolton, Jonathan William Bolton, 1997 This is an examination of the poetry of writers living in Egypt during World War II such as Lawrence Durrell Bernard Spencer G S Fraser and Keith Douglas *Re-envisioning Egypt 1919-1952* Arthur Goldschmidt, Amy J. Johnson, Barak A. Salmoni, 2005 *Re Envisioning Egypt 1919 1952* presents new and often dismissed aspects of the constitutional monarchy era in Egyptian history It demonstrates that many of the domestic and regional sociopolitical and cultural changes credited to the 1952 revolutionaries actually began in the decades before the July coup Arguing against the predominant view of the pre revolutionary era in Egypt as one of creeping decay the volume restores understandings of the 1919 1952 years as integral to modern nation state formation and social transformation The book s contributors show that Egypt s real revolutions were long term processes emerging over several decades prior to 1952 The leaders of the 1952 coup capitalized on these developments yet earlier changes in Egyptian society fundamentally facilitated their actions and policies This volume includes revisionist discussion of domestic political issues and foreign policy the military education social reform and class as well as popular media art and literature By introducing new approaches to these under appreciated categories of analysis through exploration of untapped sources and by re examining the political context of the time *Re Envisioning Egypt 1919 1952* proposes innovative methodologies for understanding this crucial period in Egyptian history casting these years as fundamental to the country s twentieth century trajectory Contributors Tewfik Aclimandos Malak Badrawi Andrew Flibbert Nancy Gallagher Arthur Goldschmidt Mervat Hatem Misako Ikeda Amy J Johnson Anne Claire Kerboeuf Samia Kholoussi Hanan Kholoussi Fred Lawson Shaun T Lopez Scott David McIntosh Roger Owen Lucie Ryzova Barak A Salmoni James Whidden Caroline Williams *Edinburgh Dictionary of Modernism* Vassiliki Kolocotroni, 2017-12-20 This book examines how the productive interplay between nineteenth century literary and visual media paralleled the emergence of a modern psychological understanding of the ways in which reading viewing and dreaming generate moving images in the mind *War and Displacement in the Twentieth Century* Sandra Barkhof, Angela K. Smith, 2014-03-14 Human displacement has always been a consequence of war written into the myths and histories of centuries of warfare However the global conflicts of the twentieth century brought displacement to civilizations on an unprecedented scale as the two World Wars shifted participants around the globe Although driven by political disputes between European powers the consequences of Empire ensured that Europe could not contain them Soldiers traversed continents and civilians often followed them or found themselves living in territories ruled by unexpected invaders Both wars saw fighting in Europe Africa the Middle East and the Far East and few nations remained neutral Both wars saw the mass upheaval of civilian populations as a consequence of the fighting Displacements were geographical cultural and psychological they were based on nationality sex gender or age They produced an astonishing range of human experience recorded by the participants in different ways This book brings together a collection of inter disciplinary works by scholars who are currently

producing some of the most innovative and influential work on the subject of displacement in war in order to share their knowledge and interpretations of historical and literary sources The collection unites historians and literary scholars in addressing the issues of war and displacement from multiple angles Contributors draw on a wealth of primary source materials and resources including archives from across the world military records medical records films memoirs diaries and letters both published and private and fictional interpretations of experience Conversing Identities Konstantina Georganta,2012-01-01 Conversing Identities Encounters Between British Irish and Greek Poetry 1922 1952 presents a panorama of cultures brought in dialogue through travel immigration and translation set against the insularity imposed by war and the hegemony of the national centre in the period 1922 1952 Each chapter tells a story within a specific time and space that connected the challenges and fissures experienced in two cultures with the goal to explore how the post 1922 accentuated mobility across frontiers found an appropriate expression in the work of the poets under consideration Either influenced by their actual travel to Britain or Greece or divided in their various allegiances and reactions to national or imperial sovereignty the poets examined explored the possibilities of a metaphorical diasporic sense of belonging within the multicultural metropolis and created personae to indicate the tension at the contact of the old and the new the hypocritical parody of mixed breeds and the need for modern heroes to avoid national or gendered stereotypes The main coordinates were the national voices of W B Yeats and Kostas Palamas T S Eliot s multilingual outlook as an Anglo American m toikos C P Cavafy s view as a Greek of the diaspora displaced William Plomer s portrayal of 1930s Athens Demetrios Capetanakis journey to the British metropolis John Lehmann s antithetical journey eastward as well as Louis MacNeice s complex loyalties to a national identity and sense of belonging as an Irish classicist translator and traveller **Heresy and Heterotopia in Works by Lawrence Durrell** Isabelle Keller-Privat,Anne R.
