Personal Nixon Staying On The Summit

H. Larry Ingle

Personal Nixon Staying On The Summit:

Nixon's Shadow David Greenberg, 2017-07-03 How an image obsessed president transformed the way we think about politics and politicians To his conservative supporters in 1940s southern California Richard Nixon was a populist everyman to liberal intellectuals of the 1950s he was Tricky Dick a devious manipulator to 1960s radicals a shadowy conspirator to the Washington press corps a pioneering spin doctor to his loyal Middle Americans a victim of liberal hatred to recent historians an unlikely liberal Nixon's Shadow rediscovers these competing images of the protean Nixon showing how each was created and disseminated in American culture and how Nixon's tinkering with his own image often backfired During Nixon's long tenure on the national stage and through the succession of new Nixons so brilliantly described here Americans came to realize how thoroughly politics relies on manipulation Since Nixon it has become impossible to discuss politics without asking What is the politician's real character How authentic or inauthentic is he What image is he trying to project More than what Nixon did this fascinating book reveals what Nixon meant

Nixon's First Cover-up H. Larry Ingle, 2015-07-07 Have you ever thought you completely knew a story inside and out only to see some new information that shatters what you had come to accept as unquestioned fact Well Richard Nixon is that story and Nixon's First Cover up is that new information With few exceptions the religious ideologies and backgrounds of U S presidents is a topic sorely lacking in analysis H Larry Ingle seeks to remedy this situation regarding Nixon one of the most controversial and intriguing of the presidents Ingle delves more deeply into Nixon's Quaker background than any previous scholar to observe the role Nixon's religion played in his political career Nixon's unique and personally tailored brand of evangelical Quakerism stayed hidden when he wanted it to but was on display whenever he felt it might help him advance his career in some way Ingle's unparalleled knowledge of Quakerism enables him to deftly point out how Nixon bent the traditional rules of the religion to suit his needs or in some cases simply ignored them entirely This theme of the constant contradiction between Nixon's actions and his apparent religious beliefs makes Nixon's First Cover up truly a groundbreaking study both in the field of Nixon research as well as the field of the influence of religion on the U S presidency Forty years after Nixon's resignation from office Ingle's work proves there remains much about the thirty seventh president that the American public does not yet know

Nixon's Back Channel to Moscow Richard A. Moss, 2017-01-17 Most Americans consider détente the reduction of tensions between the United States and the Soviet Union to be among the Nixon administration's most significant foreign policy successes The diplomatic back channel that national security advisor Henry Kissinger established with Soviet ambassador Anatoly Dobrynin became the most important method of achieving this thaw in the Cold War Kissinger praised back channels for preventing leaks streamlining communications and circumventing what he perceived to be the US State Department's unresponsive and self interested bureaucracy Nixon and Kissinger's methods however were widely criticized by State Department officials left out of the loop and by an American press and public weary of executive branch prevarication and secrecy Richard A Moss's

penetrating study documents and analyzes US Soviet back channels from Nixon's inauguration through what has widely been heralded as the apex of détente the May 1972 Moscow Summit He traces the evolution of confidential channel diplomacy and examines major flashpoints including the 1970 crisis over Cienfuegos Cuba the Strategic Arms Limitations Talks SALT US dealings with China deescalating tensions in Berlin and the Vietnam War Moss argues that while the back channels improved US Soviet relations in the short term the Nixon Kissinger methods provided a poor foundation for lasting policy Employing newly declassified documents the complete record of the Kissinger Dobrynin channel jointly compiled translated annotated and published by the US State Department and the Russian Foreign Ministry as well as the Nixon tapes Moss reveals the behind the scenes deliberations of Nixon his advisers and their Soviet counterparts Although much has been written about détente this is the first scholarly study that comprehensively assesses the central role of confidential diplomacy in shaping America's foreign policy during this critical era

The President and I Baruch Korff, 1995 The Watergate cover up polarized the nation and forced Richard Nixon out of the White House This unprecedented event was a watershed in American history a President reelected by a huge majority had to resign in disgrace several presidential aides went to prison the Republican Party was discredited and weakened the country was torn apart and perhaps most important the credibility of all subsequent Presidents and indeed of government itself was impeached in the eyes of many Intimately involved in these events as trusted friend advisor and confidant of Nixon was Rabbi Baruch Korff dubbed Nixon's rabbi in the news media In 1973 Korff founded the National Citizens Committee for Fairness to the Presidency The following year he founded the President Nixon Justice Fund and the United States Citizens Congress He became a member of the inner circle at the White House and remained close to Nixon after he left office

Presidential Passions Michael John Sullivan, 1991 Includes material on John F Kennedy Judith Exner Dwight Eisenhower Kay Summersby George Washington Sally Fairfax Thomas Jefferson Sally Hemings Franklin Roosevelt Lucy Mercer
