*Parental Belief Systems* Irving E. Sigel, Ann V. McGillicuddy-DeLisi, Jacqueline J Goodnow, 2014-02-25 Research on the topic of parent beliefs or parent cognition has increased tremendously since the original publication of this volume in 1985 For this revised second edition the editors sought to reflect some of the new directions that research on parent cognition has taken By offering a greater variety of topics it gives evidence of the intellectual concerns that now engage researchers in the field and testifies to the expanding scope of their interests Although a unique collection because it reflects the diversity that exists among major researchers in the field it evinces a common theme that the ideas parents have regarding their children and themselves as parents have an impact on their actions This emphasis on parents ideas shifts the focus on sources of family influence to ideas or beliefs as determinants of family interactions The implication of this way of thinking for practitioners is that it suggests the shift to ideas and thoughts from behavior and attitudes

Organized around 14 chapters, Section One looks at policy, pedagogy, and key issues in practice surrounding the implementation of the Early Years Foundation Stage (EYFS), and Section Two looks at the areas of learning and development in EYFS. Ways to plan, implement, observe, and evaluate activities for young children from birth to 5 are discussed. A range of theoretical perspectives is built upon, and different ways of delivering the EYFS are explored. By combining sound theoretical underpinning with practical case studies, this book offers a critical approach to the implementation of EYFS. It takes its inspiration and examples of best practice from projects based in a range of early years settings and considers the role of the practitioner and the holistic development of the child. **Psychology in Education** Anita E. Shortlisted for Best Professional Book by Nursery World Awards 2017. The stakes have never been higher. Ofsted have a new, tougher inspection framework for the early years. If you are judged to be less than good, you risk losing funding for places. A reputation that took years to build can vanish overnight. But instead of hiding behind the Ofsted monster to get things done, Early Years expert Julian Grenier argues that it's time to do what's right for children and families and build long-lasting and effective provision. Completely up to date with Ofsted's new Common Inspection Framework and avoiding a tick-box approach to preparation, Julian focuses on the importance of developing your provision and your team up to and beyond inspection day. It is accompanied by easy-to-use, time-saving pro-formas and self-reflective documents that can be downloaded online for free. This book is ideal for head teachers, senior leaders, EYFS co-ordinators, nursery managers, and Early Years practitioners. We

had our Ofsted Inspection on May 31st and achieved an Outstanding grade which we are very proud of as you might imagine I used Successful Early Years Ofsted Inspections to focus my thoughts when preparing for the inspection and I am sure it was a contributory factor in our grade Wendy Taylor Nursery Manager Acorns Nursery Julian Grenier will be discussing ideas from Successful Early Years Ofsted Inspections in the SAGE Early Years Masterclass a free professional development experience hosted by Kathy Brodie To sign up or for more information click here [Research in Education](#) ,1970
