Personalismo Politico:

Psychology's Contribution to Socio-Cultural, Political, and Individual Emancipation Carl Ratner, 2019-10-29 This book articulates how psychologists can use their theory research and intervention to generate insights into emancipatory social change that is necessary to solve social and psychological problems These include racism sexism civil rights poverty militarism education and politics Psychology was not developed to directly address social issues It must therefore be reconceptualised to fulfil this aim In this book Carl Ratner makes use of Vygotsky's psychological approach known as cultural historical psychology supplemented by Martin Baro's Liberation Psychology and the work of Bourdieu and Foucault to develop an emancipatory psychological theory This approach is then utilized to lay out a specific program of social and psychological emancipation This reconstructed psychological theory is also used to evaluate populist movements that aim at social and psychological emancipation Ratner posits that populism is inadequate to solve social and psychological problems because it misunderstands the nature of society and what it takes to improve society and psychology This is demonstrated through wide ranging examples including populist feminism populist socialism and populist distortions of liberation psychology and cultural historical psychology This lively critique opens a pathway for academic across the social sciences concerned with how their disciplines can be oriented toward understanding and solving social psychological problems and will appeal to wide readership including policy makers and social activists

Tra il dire e il fare. L'educazione alla prassi dei diritti umani. Annali 1999 Claudio Tugnoli, 2000 Non possibile alcun disegno di educazione al rispetto dei diritti umani se non si dispone del concetto di persona in un'accezione interpersonale Il soggetto dei diritti umani non un luogo introvabile e neppure un cieco progetto ispirato alla volontà e alla potenza ma una relazione dinamica con l'altro La dialettica del rapporto tra coscienza di sé e coscienza dell'altro la ragione della dipendenza reciproca di diritti e doveri L'altro non un limite all'esercizio della libertà e della responsabilità di cui il soggetto capace ma una condizione della stessa esistenza del soggetto La persona in questa accezione una conquista che richiede un lungo cammino di riflessione e di azione di distacco e coinvolgimento I saggi proposti in questo volume indicano nella prassi educativa nella coscienza morale nell'azione politica e nella mediazione istituzionale momenti di un unico

percorso verso l'affermazione concreta e la dimostrazione in prima persona della possibilità di riformare in profondità la natura dei rapporti tra gli uomini e tra gruppi umani sempre più differenziati vero che i diritti umani continuano a essere violati ovunque nel mondo ma un numero crescente di uomini appartenenti alle più diverse religioni condanna sempre più aspramente queste violazioni. Sotto i colpi della rivelazione cristiana delle vittime tutte le culture che sulle vittime in un modo o nell'altro si fondevano vengono inesorabilmente smantellate tutte le violenze delle ideologie che pretendevano di essere le depositarie di questa rivelazione sono portate alla luce tutte le persecuzioni di coloro che hanno ucciso basandosi sul fraintendimento violento di un messaggio che vieta di uccidere appaiono per quello che sono. Chi rifiuta questa evidenza deve anche ritenere un caso o un equivoco che uno dei profeti della non violenza di questo secolo Gandhi abbia tratto ispirazione dal Discorso della Montagna. G.
