Personality Comedians As Genre Selected Players:

Personality Comedians as Genre Wes D. Gehring, 1997-05-21 The success of clown comedy is dependent on the comic or comics who take center stage These comics are usually identified with a specific comedic shtick physical or visual humor and their underdog status This study by film scholar Wes Gehring presents a brief historical overview of major figures in the genre including W C Fields Charlie Chaplin Bob Hope and Woody Allen The comedians discussed are drawn from four genre periods the silent era the depression era the post World War II period and the modern era **Movie Comedians of the 1950s** Wes D. Gehring, 2016-11-03 The 1950s were a transitional period for film comedians The artistic suppression of the McCarthy era and the advent of television often resulted in a dumbing down of motion pictures Cartoonist turned director Frank Tashlin contributed a funny but cartoonish effect through his work with comedians like Jerry Lewis and Bob Hope A new vanguard of comedians appeared without stock comic garb or make up fresh faces not easily pigeonholed as merely comedians such as Tony Randall Jack Lemmon and Tony Curtis Some traditional comedians like Charlie Chaplin Red Skelton and Danny Kaye continued their shtick though with some evident tweaking This book provides insight into a misunderstood decade of film history with an examination of the personality comedians The talents of Dean Martin and Bob Hope are reappraised and the dumb blonde stereotype as applied to Judy Holliday and Marilyn Monroe is deconstructed Hitchcock and Humor Wes D. Gehring, 2019-05-13 Woody Allen s Manhattan Murder Mystery has been described as a kind of Rear Window for retirees As this quote suggests an analysis of Alfred Hitchcock s methodical use of comedy in his films is past due One of Turner Classic Movies on screen scholars for their summer 2017 online Hitchcock class the author grew tired of misleading throwaway references to the director s comic relief This book examines what should be obvious Hitchcock systematically incorporated assorted types of comedy black humor parody farce screwball comedy and romantic comedy in his films to entertain his audience with comic thrillers **Studies in American Humor**, 1999 **Farce** Jessica Milner Davis, 2017-07-05 Farce has always been relegated to the lowest rung of the ladder of dramatic genres Distinctions between farce and more literary comic forms remain clouded even in the light of contemporary efforts to rehabilitate this type of comedy Is farce really nothing more than slapstick the putting out of candles kicking down of tables falling over joynt stools as Thomas Shadwell characterized it in the seventeenth century Or was his contemporary Nahum Tate correct when he declared triumphantly that there are no rules to be prescribed for that sort of wit no patterns to copy and tis altogether the creature of imagination Davis shows farce to be an essential component in both the comedic and tragic traditions Farce sets out to explore the territory of what makes farce distinct as a comic genre Its lowly origins date back to the classic Graeco Roman theatre but when formal drama was reborn by the process of elaboration of ritual within the mediaeval Church the French term farce became synonymous with a recognizable style of comic performance Taking a wide range of farces from the briefest and most basic of fair ground mountebank performances to fully fledged five act structures from the late

nineteenth century the book reveals the patterns of comic plot and counter plot that are common to all The result is a novel classification of farce plots which serves to clarify the differences between farce and more literary comic forms and to show how quickly farce can shade into other styles of humor The key is a careful balance between a revolt against order and propriety and a kind of Realpolitik which ultimately restores the social conventions under attack A complex array of devices in such things as framing plot characterization timing and acting style maintain the delicate balance Contemporary examples from the London stage bring the discussion u Film Comedy Geoff King,2002 Comedy is one of the most popular forms in film But what exactly is film comedy and what might be the basis of its widespread appeal This book takes a multi perspective approach to answering these questions Jahresbibliographie Massenkommunikation ,1997 **Humor** ,2007

Das Meer im Film Roman Mauer,2010 **Encyclopedia of 20th-Century American Humor** Alleen Pace Nilsen,Don Nilsen,2000-01-20 Review This unique encyclopedia treats the concepts persons themes and media of 20th century American humor and humor studies More than 100 alphabetically arranged entries highlight a broad range of humor related topics from wit understatement and ambiguity to late night talk shows and the Internet Outstanding Reference Sources American Libraries May 2001 **Parody as Film Genre** Wes D. Gehring,1999-09-30 An overview of the place of parody in film history It defines the genre differentiating it from satire and demonstrates how a well executed spoof provides an educational blueprint of its target genre Films discussed include *Destry Rides Again* 1939 and *Scream* 1996 **A Century of the Marx Brothers** Joseph Mills,2007 In 1905 Julius Marx began his vaudeville career with the singing group The Leroy Trio and was abandoned in the middle of the tour It was an inauspicious start for the person who would become Groucho A hundred years later the Marx Brothers have permeated our culture from the plastic noses and glasses worn at parties to a Smithsonian exhibition which explains DNA recombination using *A Night at the Opera* Although they completed relatively few films together the brothers have become icons recognizable even to people who have never seen their movies Most scholarly work on the Marx Brothers has focused on biographical aspects of their careers and lives *A Century of the Marx Brothers* suggests a myriad of other useful approaches to their film and stage productions The collection s eleven essays examine the Marx Brothers work from a number of critical perspectives ranging from reader response theory to film semiotics The contributors include international scholars in a variety of fields such as literature cultural studies performance studies and film history
