Peters**

Personality In Search Of Individuality:

Selfhood, Identity and Personality Styles Giampiero Arciero, Guido Bondolfi, 2011-02-07 Selfhood Identity and Personality Styles is an interdisciplinary study that describes a new perspective on psychopathology based on the search for the source of personal meaning and identity The opening section develops a first person approach to selfhood and personal identity discussing relevant topics in personality and social psychology developmental psychology psychology of emotions and neuroscience The second part presents five different personality styles distinguished on the basis of their emotional inclinations Eating Disorder prone Obsessive Compulsive prone personalities prone to Hypochondria Hysteria Phobia prone and Depression prone The classification based on affectivity makes it possible to illustrate the continuity between the study of personality and that of psychopathology One distinctive feature of this extraordinary book is a discussion of recently published evidence that functional magnetic resonance imaging can show how brain activity may be related to personality styles With a new Foreword by Shaun Gallagher Professor of Philosophy University of Central Florida Praise for Selfhood Identity and Personality Styles This is a scholarly book which will provide the reader with plenty to chew on This book will make you think will illuminate how people function and will help you understand how self disordered experience such as the feeling that one disappears or doesn't exist when another leaves occurs The authors tackle with great sophistication the big questions of how sameness changing experience and temporality are woven together by language and narrative Refusing to be reduced to the simplicity of objectivist account of functioning they offer profound phenomenological views on identity and emotion that show a deep appreciation of the complexity of what it is to be a person Their analysis of functioning leads to the specification of inward and outward dispositional dimensions and using clinical and literary examples they provide descriptions of different styles of personality along this continuum ranging from eating disorder prone personalities focused on the other at one end of the continuum and depression prone personalities focused excessively inwardly at the other end Leslie Greenberg Professor of Psychology York University Canada Arciero and Bondolfi have written a timely thought provoking and challenging book providing the reader with a refreshingly new account of Self identity and its disorders A cogent and novel contribution to psychiatric thought that wonderfully integrates philosophy psychopathology and contemporary neuroscience This book will push psychiatry in new directions A must read Vittorio Gallese Professor of Human Physiology University of Parma Italy Selfhood Identity and Personality Styles is a highly ambitious work of theoretical synthesis neuroscience phenomenology and social constructionism are joined together with the study of both literature and psychopathology Arciero and Bondolfi offer sophisticated and intriguing discussions not only of mirror neurons and developmental psychology but also of ideas from Aristotle Kant and Heidegger of characters from Dostoevsky Kleist and Pessoa and of patients from clinical practice A ground breaking first attempt to show the relevance of the interdisciplinary study of basic self experience for our understanding of character styles and personality disorders Louis A Sass Professor of

Clinical Psychology Rutgers University Winner of third prize in the Specialist Readership section of the UK Medical Journalists Association Open Book Awards 2010

Handbook of Identity Theory and Research Seth J. Schwartz, Koen Luyckx, Vivian L. Vignoles, 2011-06-22 Identity is one of the most extensively studied constructs in the social sciences Yet despite the wealth of findings across many disciplines identity researchers remain divided over such enduring fundamental questions as What exactly is identity and how do identity processes function Do people have a single identity or multiple identities Is identity individually or collectively oriented Personally or socially constructed Stable or constantly in flux The Handbook of Identity Theory and Research offers the rare opportunity to address the questions and reconcile these seeming contradictions bringing unity and clarity to a diverse and fragmented literature This exhaustive reference work emphasizes the depth and complexity of identity processes and domains and presents perspectives from many different theoretical schools and empirical approaches Contributing authors provide perspectives from psychology e g narrative social identity theory neo Eriksonian and from other disciplines e g sociology political science ethnic studies and the editors highlight the links between chapters that provide complementary insights on related subjects In addition to covering identity processes and categories that are well known to the field the Handbook tackles many emerging issues including Identity development among adopted persons Identity processes in interpersonal relationships Effects of globalization on cultural identity Transgender experience and identity Consumer identity and shopping behavior Social identity processes in xenophobia and genocide The Handbook of Identity Theory and Research lends itself to a wealth of uses by scholars clinicians and graduate students across many disciplines including social developmental and child school psychology human development and family studies sociology cultural anthropology gender ethnic and communication studies education and counseling

Encyclopedia of Identity Ronald L. Jackson, Michael A. Hogg, 2010-06-29 Alphabetically arranged entries offer a comprehensive overview of the definitions politics manifestations concepts and ideas related to identity

The Oxford Handbook of Identity Development Kate C. McLean, Moin U. Syed, 2015 Identity is defined in many different ways in various disciplines in the social sciences and sub disciplines within psychology The developmental psychological approach to identity is characterized by a focus on developing a sense of the self that is temporally continuous and unified across the different life spaces that individuals inhabit Erikson proposed that the task of adolescence and young adulthood was to define the self by answering the question Who Am I There have been many advances in theory and research on identity development since Erikson s writing over fifty years ago and the time has come to consolidate our knowledge and set an agenda for future research The Oxford Handbook of Identity Development represents a turning point in the field of identity development research Various and disparate groups of researchers are brought together to debate extend and apply Erikson s theory to contemporary problems and empirical issues The result is a comprehensive and state of the art examination of identity development that pushes the field in provocative new directions Scholars of identity development adolescent and adult development and

related fields as well as graduate students advanced undergraduates and practitioners will find this to be an innovative unique and exciting look at identity development

The Search for Identity Jewish Theological Seminary of America. Institute for Religious and Social Studies,1964

Personality in Search of Individuality Nathan Brody,2013-10-22 In this his fourth book published by Academic Press the author pursues current theories in the expansive field of personality research Presenting a unique perspective on recent developments in the field the emphasis is on empirical research Topics discussed include stability and change in traits the behavior genetics of traits a review and defense of trait theory and a comprehensive review of research on the unconscious

Classified Gems of Thought from the Great Writers and Preachers of All Ages Francis Procter,1892

A Study of Ethical Principles ... Third Edition, Revised and Enlarged James SETH,1898

The Theosophical Path Katherine Augusta Westcott Tingley,1921

Shaping Character Arthur Frank Holmes,1991 This is a print on demand book and is therefore non returnable The teaching of ethics and the transmission of values once performed an integrative function in the Christian college curriculum however they have gradually become relegated to a subspecialty status within the philosophy or religion department Arguing that ethics is everybody s business Arthur Holmes presents in this book a concise survey of moral education its goals and methods in the Christian college Arising out of a three year Christian College Consortium project *Shaping Character* reflects the insights of a rich variety of experts writers and faculty members Holmes first orients his readers to the present ethical climate to theological dimensions and distinctive in ethics and to moral development theory He then poses three overall objectives of ethics education forming the conscience making moral decisions and developing character and fleshes out each objective with particular goals Throughout the book Holmes makes suggestions about the role of faculty and staff paying special attention to teaching methods and noting the context and dynamics of college life in general The final chapter summarizes how the Bible functions in ethics *Shaping Character* is meant for all Christian college teachers professors and administrators concerned about student values and the moral condition of our society The book will serve as a valuable and practical guide for teaching ethics in every department
