Personality On The Job:

Personality at Work Adrian Furnham, 2002-09-11 Personality at Work examines the increasingly controversial role of individual differences in predicting and determining behaviour at work It asks whether psychological tests measuring personality traits can predict behaviour at work such as job satisfaction productivity as well as absenteeism and turnover Importantly it is a critical and comprehensive review of that literature from psychology sociology and management science which lies at the interface of personality theory occupational psychology and organizational behaviour Drawing on a vast body of published material Adrian Furnham describes for the first time current state of knowledge in this area The result is a volume which will be an enormously useful resource to the researcher and practitioner as well as students of psychology management science and sociology Personality at Work is the only exhaustive and incisive multi disciplinary work to assess the role of psychological testing in the management of the work place

Problems and Solutions in Human Assessment

Richard D. Goffin, Edward Helmes, 2012-12-06 The assessment of individual differences has generated shockwaves affecting sociology education and a number of other behavioral sciences as well as the fields of management and organizational behavior In covering the assessment of individual differences this book pays tribute to the interests and activities that Douglas N Jackson has incorporated into his career as a psychologist He continues to be a leader in putting academic findings to practical use He has also inspired generations of students with his mastery of complex concepts and as a personal example of the ability to balance several simultaneous areas of research Consistent with the focus of Jackson s research the theme of this book will be how the use of deductive construct driven strategies in the assessment of individual differences leads to benefits in terms of the applicability of the assessment instruments and the clarity of the conclusions that can be drawn from the research
