## **Perspectives In Aesthetics Plato To Camus:**

**Perspectives in Aesthetics, Plato to Camus** Peyton E. Richter, 1967 *Perspectives in Aesthetics. Plato to Camus. D. by Peyton E. Richter, ....* Peyton E. Richter, 1967 **Plato and Socrates (RLE: Plato)** Richard McKirahan, 2012-11-12 This valuable work of reference provides a comprehensive bibliography on all scholarly work that was published on Plato and Socrates during the years 1958-73. It thus forms an important addition to Harold Cherniss's bibliography which covered the years 1950-7. The author has sought to include all materials primarily concerned with Socrates and Plato together with other works which make a contribution to our understanding of the two philosophers. The bibliography is arranged by topic and there are cross references at the end of each section. The works in each category are arranged chronologically and then alphabetically by author within each year. An effort has been made to distinguish when a book has had more than one edition and when an article has been reprinted. Additionally, the author has listed reviews of books and dissertations as these have come to his attention. **The Oxford Handbook of the Phenomenology of Music Cultures** Harris M. Berger, Friedlind Riedel, David VanderHamm, 2024. This handbook is currently in development with individual articles publishing online in advance of print publication. At this time we cannot add information about unpublished articles in this handbook; however, the table of contents will continue to grow as additional articles pass through the review process and are added to the site. Please note that the online publication date for this handbook is the date that the first article in the title was published online.

**Interpreting Cultures** J. Hart, 2016-09-23. This book focuses on how we perceive, know, and interpret culture across disciplinary boundaries. The study combines theoretical and critical contexts for close readings in culture through discussions of literature, philosophy, history, psychology, and visual arts by and about men and women in Europe, the Americas, and beyond.
