Perspectives In Ethology Vol 11 Behavioral Design:

Perspectives in Ethology Paul Patrick Gordon Bateson, Peter H. Klopfer, 1995 **Animal Creativity and Innovation** ,2015-10-29 Animal Creativity and Innovation explores theories and research on animal innovation and creativity comparing and contrasting it with theory and research on human creativity and innovation In doing so it encompasses findings from psychology biology neuroscience engineering business ecology and education The book includes examples of animal innovation in parrots dogs marine mammals insects and primates exploring parallels from creative play in children The book defines creativity differentiating it from play and looks at evolutionary models and neurological constructs The book further explores applied aspects of animal innovation and creativity including tool use and group dynamics as well as barriers to creativity The final chapters look into how creative behavior may be taught or trained Each chapter is followed by a commentary for integration of thoughts and ideas between animal and human research behavioral and cognitive research and theory and observation in real life Compares theory and research on animal and human creativity Defines and differentiates creativity from play Reviews applied creativity in tool use and social dynamics Includes examples of animal creativity in multiple species **The Genesis of Animal Play** Gordon M. Burghardt, 2005 A scientist examines the origins and evolutionary significance of play in humans and animals **Handbook of Psychology: Biological psychology** Irving B. Weiner, Donald K. Freedheim, 2003 Includes established theories and cutting edge developments Presents the work of an international group of experts Presents the nature origin implications and future course of major unresolved issues in the area **Developmental Psychopathology, Volume 2** Dante Cicchetti, Donald J. Cohen, 2006-03-31 Developmental Psychopathology Second Edition contains in three volumes the most complete and current research on every aspect of developmental psychopathology This seminal reference work features contributions from national and international expert researchers and clinicians who bring together an array of interdisciplinary work to ascertain how multiple levels of analysis may influence individual differences the continuity or discontinuity of patterns and the pathways by which the same developmental outcomes may be achieved This volume addresses theoretical perspectives and methodological **Rodent Societies** Jerry O. Wolff, Paul W. Sherman, 2008-09-15 Rodent Societies synthesizes and integrates the current state of knowledge about the social behavior of rodents providing ecological and evolutionary contexts for understanding their societies and highlighting emerging conservation and management strategies to preserve them It begins with a summary of the evolution phylogeny and biogeography of social and nonsocial rodents providing a historical basis for comparative analyses Subsequent sections focus on group living rodents and characterize their reproductive behaviors life histories and population ecology genetics neuroendocrine mechanisms behavioral development cognitive processes communication mechanisms cooperative and uncooperative behaviors antipredator strategies comparative socioecology diseases and conservation Using the highly diverse and well studied Rodentia as model systems to integrate a variety of research approaches and evolutionary theory

into a unifying framework Rodent Societies will appeal to a wide range of disciplines both as a compendium of current research and as a stimulus for future collaborative and interdisciplinary investigations

Perspectives in Ethology N.S. Thompson, 1995-05-31 A book rich and various in ideas and substance It belongs on the shelf of anyone wanting to keep up with what is happening in ethology Bioscience from a review of an earlier volume Beginning with Volume 11 Nicholas S Thompson takes over the editorship of this remarkable series For this volume contributors bring fresh perspectives to the subject of natural design

The Cognitive Animal Marc Bekoff, Colin Allen, Gordon M.
