Perspectives On A Parent Movement The Revolt Of Parents Of Children With Intellectual Limitations:

Perspectives on a Parent Movement Rosemary Ferguson Dybwad, 1990 Collection of essays and talks by a pioneer in the revolution which provides community based services to people with mental retardation

Grandparenting Children with Disabilities Madonna Harrington Meyer, Ynesse Abdul-Malak, 2020-08-29 Childhood disabilities particularly cognitive disabilities are on the rise yet social programs and services to help US families respond to disabilities are not Many families turn to grandparents for assistance juggling work family responsibilities and specialized therapies This book is based on in depth interviews with grandparents who are providing at least some care to grandchildren with disabilities The analyses will help to better understand 1 under what conditions grandparents provide care and support 2 what types and intensities of care and support grandparents provide and 3 the impact of that care and support on grandparents social emotional physical and financial wellbeing In this fascinating and provocative book Madonna Harrington Meyer and Ynesse Abdul Malak take readers on a deep dive into the complex lives of grandparents who care for their disabled grandchildren In *Grandparenting Children with Disabilities* their interviews reveal the joy meaning and purpose grandparents find in caregiving the challenges and frustrations they encounter and the many ways they compromise their own health and well being for the sake of their grandchildren Drawing from theories of cumulative inequality and from their deep knowledge of the US policy context the authors lay bare the systemic failures that leave families of children with disabilities without adequate support and that place the most vulnerable among them at grave physical emotional and financial risk Jane McLeod Provost Professor Indiana University Grandparents in the U S already take on far more parenting responsibilities as compared to their peers in other countries *Grandparenting Children with Disabilities* demonstrates that the intensity of these responsibilities is compounded for those whose grandchildren have disabilities given limited policy supports and a society still largely unaccommodating to those with disabilities This book beautifully navigates the tension between the love these grandparents have for their grandchildren and the challenges they face caring for them Pamela Herd Professor Georgetown University *Grandparenting Children with Disabilities* offers important insights about the lived experience of older adults who care for and care about their grandchildren The authors skillfully integrate the stories they tell with consideration of macro social structural influences and life course perspectives I recommend it highly Eva Kahana Distinguished University Professor Case Western Reserve
