Transnational Perspectives on Modern Irish History Niall Whelehan, 2014-10-03 This book explores the benefits and challenges of transnational history for the study of modern Ireland In recent years the word transnational has become more and more conspicuous in history writing across the globe with scholars seeking to move beyond national and local frameworks when investigating the past Yet transnational approaches remain rare in Irish historical scholarship This book argues that the broader contexts and scales associated with transnational history are ideally suited to open up new questions on many themes of critical importance to Ireland's past and present They also provide an important means of challenging ideas of Irish exceptionalism The chapters included here open up new perspectives on central debates and events in Irish history They illuminate numerous transnational lives follow flows and ties across Irish borders and trace networks and links with Europe North America the Caribbean Australia and the British Empire This book provides specialists and students with examples of different concepts and ways of doing transnational history Non specialists will be interested in the new perspectives offered here on a rich variety of topics particularly the two major events in modern Irish history the Great Irish Famine and the 1916 Rising *Diskurse und Bilder zum anglo-irischen Landsitz im zwanzigsten Jahrhundert* Otto Rauchbauer, 2002 *The American Irish and Irish Nationalism* Seamus P. Romantic Ireland Paddy Lyons,Willy Maley,John Miller,2013-10-17 The long nineteenth century arguably the most significant period in Irish history is marked by a series of events that changed the political landscape of the nation forever and gave rise to art and ideas of international importance At one end of this tumultuous period we have Grattan s Parliament the United Irishmen the Rebellion of 1798 led by Wolfe Tone and the Union of 1801 and at the other the fall of Parnell the Easter Rising Civil War and partition Between times there are the great hinge events of Catholic Emancipation the Famine and the Land War From Wolfe Tone to Maud Gonne Ireland went through a period of enormous upheaval that carved out the culture and politics of the modern nation Irish Studies has not yet fully engaged with the range and richness of this material nor have critics in the various Anglophone literary fields grasped the extent to which Irish and Scottish events and authors contributed decisively to the development of their own areas Bringing together an international line up of established and emerging scholars *Romantic Ireland* From Tone to Gonne takes Irish Studies in new directions in particular in terms of a cross cultural comparison with Scotland and the distinct phenomenon of Unionism thus breaking out of the double binds of Anglo Irish approaches The Irish Scottish interface throws up fascinating insights that enhance our awareness of the interaction between colonialism nationalism and culture All of the major figures of the period are represented here from Edgeworth and Moore to Yeats and Synge but there are other often less noticed but hugely significant writers such as Charles Robert Maturin Dion Boucicault and May Laffan There are non Irish commentators on Ireland like Cobbett and Engels as well as a series of key Scottish figures including Burns and Scott in addition to lesser known or lesser noticed Scottish writers with strong Irish interests such as R M Ballantyne and Robert Tannahill whose work opens up new and promising avenues into Irish writing
