Perspectives On Residential Child Care:

Realities & Dreams Gerald Barlow, 2000 Rethinking Residential Child Care Mark Smith, 2009 This book takes a broad and critical look at policy and practice in residential child care and the ideas that have shaped the development of the sector

Child Care Policies and Structures Gerald Barlow, 1999 *Residential Care of Children* Mark E. Courtney, Dorota Iwaniec, 2009-03-25 *Residential Care of Children* fills major gaps in knowledge about residential care of children and is sure to inform ongoing debates within and between nations about the appropriate use of such institutions Each case study chapter provides a rich description of the development current status and future of residential care in countries from Brazil to Botswana Chapters describe how residential care is defined in the country in question how it has evolved over time including its history trends over time and any landmark events in the history of residential care Authors examine factors historical political economic ideological and cultural that have contributed to the observed pattern of development of residential care and provide a description of the current state of residential care number of children in care ages average length of stay reasons that children youth are placed in residential care etc Lastly each case study describes expected future directions for residential care and potential concerns Two integrative chapters provide a critical cross national perspective identifying common themes analyzing underlying factors and speculating about the future of residential child care across the globe This insight filled book will be required reading for all child welfare scholars particularly as international perspectives become increasingly emphasized

The SAGE Encyclopedia of Children and Childhood Studies Daniel Thomas Cook, 2020-04-20 This four volume encyclopedia covers a wide range of themes and topics including Social constructions of childhood Children s rights Politics representations geographies Child specific research methods Histories of childhood Transnational childhoods Sociology anthropology of childhood theories and Theorists key concepts This interdisciplinary encyclopedia will be of interest to students and researchers in Childhood studies Sociology Anthropology Psychology Education Social Welfare Cultural studies Gender studies Disability studies

The Routledge Handbook of Global Child Welfare Pat Dolan, Nick Frost, 2017-02-17 In the context of the increasing global movement of people and a growing evidence base for differing outcomes in child welfare Routledge Handbook of Global Child Welfare provides a compelling account of child welfare grounded in the latest theory policy and practice Drawing on eminent international expertise the book offers a coherent and comprehensive overview of the policies systems and practices that can deliver the best outcomes for children It considers the challenges faced by children globally and the difference families services and professionals can make This ambitious and far reaching handbook is essential reading for everyone working to make the world a better and safer place for children

Residential Child Care Mono Chakrabarti, Malcolm Hill, 2000 Children have a much higher chance of permanently leaving care if they have strong family and peer group links outside their care home This book focuses on new developments designed to promote these family and network relationships

Understanding Residential Child Care

Nick Frost, Sue Mills, 2019-01-15 First published in 1999 the overall aim of the book is to provide a comprehensive critical guide to the theory and practice of residential care This is achieved by analysing the history and development of residential child care examining the current legislative framework and analysing research The volume has been written against the background of a crisis of confidence in residential child care The system is often seen as facing perpetual problems of abuse lack of control and crime This book seeks to both understand and respond to this challenging situation Understanding Residential Child Care commences by providing historical and theoretical perspectives Having provided this analysis the authors move on to examine the empowerment of young people the framework provided by the Children Act the role of the manager the importance of supporting and supervising staff abuse in care and the experience of leaving care The book concludes with a chapter suggesting a way forward for residential child care The core concept explored and applied throughout the book is that of empowerment It is suggested that this concept can act as an organising framework for recasting residential child care in a positive manner so that a quality environment can be provided which can effectively protect and promote the best interests of the child *Perspectives on Residential Child Care* Hilary Prosser, 1976

Services for Children with Learning Disabilities Gerald Barlow, 1999 *The Nonprofit Sector in International Perspective* Estelle James, 1989-03-30 Arising as a market induced improvement on existing governmental services and competing with the government for customers and resources nonprofit organizations are a relatively unexplored area of public policy This collection of essays written by scholars from a variety of disciplines adds new dimensions to the theory of nonprofit organizations and describes the public policies regarding nonprofit organizations that do or should exist in both developing and developed countries The contributors consider why governments subsidize such organizations the problems such subsidies create and the role played from an international perspective by religion and other ideological institutions in the founding and managing of nonprofit services **Residential Child Care and Its Alternatives** Friedhelm Peters, 2008 Child and youth care needs to be professionalised It has to be holistic but as this book shows that is far from true today The Federation Internationale des Communautés Éducatives has consequently produced this book to ensure that children facing such major difficulties that they require care outside their families are cared for in the best possible way Part One discusses policies theory and societal developments such as transforming government services for children the UK's contribution to child care research and policy development and a holistic approach to child welfare Part Two describes professional developments special projects and concrete initiatives in child care such as the preservation and rehabilitation of family relationships among children in residential care crisis centres the participation of children as a matter of quality the professionalisation of child and youth care and new developments in foster care This book is essential reading for everyone who works directly with children and young people who require care outside their families It will also be of value to their managers and to lecturers and researchers inspectors government and NGO officials and others concerned about the care of
