Peruvian Nationalism A Corporatist Revolution:

Peruvian Nationalism David Chaplin, 1976-01-01 Peru is the most interesting model of justice and development in Latin America today To analyze the sociopolitical progress of this nation David Chaplin has gathered together and edited this interdisciplinary collection of essays Peru's development is unique for several reasons First it has shown that a military force that was trained largely by the United States can employ its professional expertise not to remain a well behaved ally but to pull off a genuinely radical nationalist revolution even at the expense of various interests of its benefactor Second Peru has proven that successful economic development need be neither capitalist nor Socialist Peruvian Nationalism contains major papers by leading Peruvianists on the 1960s and on the current revolutionary military regime The temporal focus is on the current post 1968 revolutionary military government with background material covering the early 1960s Contributors are all social scientists including American Italian and Peruvian writers who have carried out field research in Peru The primary focus of this volume is the radical change being carried out by the current military structure Relevant background topics include Peru's sociopolitical structure during the 1960s especially under the Belaunde regime with particular attention to peasant movements and agrarian reform a reassessment of the pre 1968 golpe coup de etat behavior of former military governments an analysis of the uniquely radical ideology and concrete reforms of the current military government This social science reader on Peru is a scholarly as well as sympathetic treatment of Peru's national and local politics social structure agrarian and tax reform and peasant movements The editor has provided an extensive introduction and index and has also included a thorough bibliography of publications on Peru since 1960

Authoritarianism and Corporatism in Latin America James Malloy, 2010-11-23 Since the mid 1960s it has been apparent that authoritarian regimes are not necessarily doomed to extinction as societies modernize and develop but are potentially viable if unpleasant modes of organizing a society's developmental efforts This realization has spurred new interest among social scientists in the phenomenon of authoritarianism and one of its variants corporatism The sixteen previously unpublished essays in this volume provide a focus for the discussion of authoritarianism and corporatism by clarifying various concepts and by pointing to directions for future research utilizing them The book is organized in four parts a theoretical introduction discussions of authoritarianism corporatism and the state comparative and case studies and conclusions and implications The essays discuss authoritarianism and corporatism in Argentina Bolivia Brazil Chile Colombia the Dominican Republic Mexico Peru Uruguay and Venezuela

The Rise and Fall of the Peruvian Military Radicals 1968-1976 George D.E. Philip, 2015-11-19 Philip tackles the major problems posed by military radicalism in Peru between 1968 and 1976 He discusses the ideology of the military the commitment of the officer corps to reform the degree of reformism and the limits of popular participation and attempts to answer why it was possible for a radical military government to arise in Peru The answers contribute not only to an understanding of modern Peru but also to the general study of the military in politics

Die Ideologie der peruanischen Revolution von 1968 Harald P. Klein, 1983

Latin America in the Era of the Cuban Revolution and Beyond Thomas C. Wright, 2025-07-10 Examining how the Cuban Revolution dictated Latin American politics and U S Latin American relations from the 1950s to the present this

fourth edition engages with the question is the Cuban Revolution dead Fidel Castro's ascent to power and the revolution he led in Cuba not only catalyzed a wave of revolutionary activity it also set off a wave of reaction that led to widespread military dictatorships and severe repression culminating in state terrorism Both revolution and reaction were essentially over by 1990 and yet long term effects of the Cuban Revolution continue to influence the modern era Latin America in the Era of the Cuban Revolution and Beyond covers the events of the Cuban Revolution itself the resulting radicalization of Latin American politics the United States responses to the threat of communist expansion in the region and rural and urban guerrilla warfare that were spawned by the Cuban Revolution It also addresses the very different but incomplete revolutions in Peru Chile and Nicaragua the rise of state terrorism in response to the threat of revolution and major developments after 1990 This fourth edition includes a new chapter with expanded coverage of women's political representation the continued rise of authoritarianism Mexican democratization the Pink Tide of recent leftist governments including those of Hugo Chavez in Venezuela and Evo Morales in Bolivia and Cuban politics in the post Castro era The revised edition features maps of the region as well as updated further reading sections following each chapter

Verwaltung und Politik in der Dritten Welt
Dieter Oberndörfer, Harald von Witzke, 1981-04-24 Post-revolutionary Peru Stephen M. Gorman, 2019-06-26 Whether the nearly twelve years of military rule in Peru between October 1968 and July 1980 are labelled a revolution so called revolution or simply a military dictatorship one fact remains inescapable the reforms and programs of the armed forces during that period profoundly altered Peruvian society This book examines the social political and economic legacies of the military government and identifies major areas of tension that are likely to pose problems for the new civilian government Following a review of the ideology socio economic goals and political performance of the Institutional Revolution of the Armed Forces the authors analyze the contemporary political economy of Peru and catalog the political and economic policy alternatives available to the Bela nde regime in the next few years They discuss the return to partisan politics in Peru urban and rural conditions and the way in which real political power has remained with the military forces despite their surrender of formal authority Subsequent chapters outline the IMF imposed stabilization program revealing its devastating effects on Lima's urban poor and summarize recent Peruvian foreign policy A final chapter draws on the prior discussion to present a critical analysis of the transitionary process from military to civilian rule in Peru

Militarism and Politics in Latin America
Daniel Masterson, 1991-08-26 This comprehensive case study of the modern Peruvian military examines the professional development of South America's most controversial military establishment from the early 1930s to the present Based on extensive research in Peruvian military archives and numerous interviews with active and retired members of the Peruvian armed forces this study is placed in the context of Peruvian national politics and South American military affairs Particular emphasis is given to the impact of France and U S military theory upon the Peruvian military mentality Revolutionary politics from the Alianza Popular Revolucionaria Americana APRA in the 1930s to the present day's Sendero Luminoso also figure

prominently This study also explores the rationale behind General Velasco's social and economic reforms 1968-1975 and assesses the Velasco government's legacy for contemporary Peru For the first time the Soviet Union's heavy involvement in Peru is examined As the only comprehensive case study in English of the modern Peruvian military this volume will be of interest to students and scholars of contemporary Latin America This is a detailed historical study of the highly complex Peruvian military establishment and its place in Peruvian society It includes a review of the 1930s and an in-depth analysis of the armed forces from the late 1930s to the first Belaunde regime 1963-1968 the immediate antecedents of Peru's 12-year military government 1968-1980 known as the Docenio preliminary overview of the Docenio and its troubled legacy an assessment of the Sendero Luminoso Shining Path insurgency and a critique of the armed force's counter-terrorism campaign Militarism and Politics in Latin America draws extensively on Latin American and U.S. archival sources and personal interviews and includes rare photographs

Die Sozialpartnerschaft - Modell der Vergangenheit oder Modell für Europa? Manfred Prisching, 1996 *Abhängiger Kapitalismus oder bürokratische Entwicklungsgesellschaft* Hartmut Elsenhans, 1981 *The Peruvian Revolution's Approach* Stanley F. Rose, 1981 *Land without Masters* Anna Cant, 2021-04-20

In 1969 Juan Velasco Alvarado's military government began an ambitious land reform program in Peru transferring holdings from large estates to peasant cooperatives Fifty years later this reform remains controversial critics claim it unjustly expropriated land and ruined the Peruvian economy while supporters emphasize its success in addressing rural inequality and exploitation Moving beyond agricultural policy to offer a fresh perspective on the agrarian reform *Land without Masters* shows how ideological assumptions and state interventions surrounding the reform transformed Peru's political culture and social fabric Drawing on fieldwork in three different regions Anna Cant shows how the government adapted its discourse and interventions to the local context while using the reform as a platform for nation building This comparative approach reveals how local actors shaped the regional impact of the agrarian reform and highlights the new forms of agency that emerged including that of marginalized peasants who helped forge a new social cultural and political landscape Making novel use of both visual and cultural sources this book is a fascinating look at how the agrarian reform process permanently altered the relationship between rural citizens and the national government and how it continues to resonate in Peruvian politics today

Die peruanische Unternehmensreform im Industriesektor Renate Witzel de Ciudad, 1981 *Städtische Marginalität und Militärregierung in Peru* Alois Möller, 1977 **Ursachen und Folgen politischer Gewalt in Kolumbien und Peru** H. C. F. Mansilla, 1993 **The Ambiguity of Peru's Third Way** Cynthia McClintock, 1978 *Latin America in the Era of the Cuban Revolution* Thomas C. Wright, 1991

Thomas C Wright describes and explains the extraordinary impact that the Cuban Revolution had on Latin America and on U.S.-Latin American relations during the past three decades Wright integrates diverse and complex political events into a comprehensive and comprehensible whole providing a broad perspective on this critical period in Latin American history Wright does not use a

country by country approach but rather a unique synthesis of broadly defined trends and phases that affected significant numbers of Latin American countries and people Among the currents examined are the destabilizing influence of fidelismo the rise of rural and urban guerrilla warfare the Alliance for Progress the growth of U S military involvement in Latin America and the rise of terrorist military regimes Three country specific topics the military revolution in Peru the Allende government in Chile and the Sandinista struggle in Nicaragua are examined separately due to their universal interest and their importance to the whole of Latin America Successfully linking the most important Latin American political developments of three decades to the pervasive influence of Fidel Castro and his revolution Wright presents 1990 as the final year in this coherent discrete era that most Latin American historians agree began in 1959 This text will interest university and college classes on Latin American history Latin American politics and revolution and reform courses as well as professional Latin Americanists in many specializations **Bonner geographische Abhandlungen** ,1986
