REC. NAT. SOST. DADON MATTEUCCI**,2024-10-23 Este libro reúne trabajos originales proporcionados por especialistas de áreas muy diversas pero coincidentes en su interés por la problemática de las zonas costeras. Si bien esa problemática es muy amplia la han circunscripto a una serie de temas interrelacionados entre sí y que se consideran particularmente relevantes y urgentes. Esta obra presenta los resultados obtenidos hasta el momento en líneas de trabajo interdisciplinario muy prometedoras. En particular implica la conformación y la consolidación de una red interdisciplinaria que por primera vez incluye conjuntamente a especialistas en ámbitos marinos fluviales y terrestres confluendo los intereses de todos ellos en la zona costera argentina y en el análisis integral de la misma. De este modo permite capitalizar y potenciar esfuerzos individuales y fijar las bases para un común esfuerzo de planificación y gestión integrada de las costas con la mira puesta en el desafío del futuro. Apropiado como libro de consulta permanente esta edición cuidadosamente actualizada resulta indispensable para planificadores y gestores así como para estudiantes y docentes en ecología, turismo, geografía, sociología, economía, derecho y carreras afines. Además el lector no especializado encontrará un texto integrado y accesible que le permitirá introducirse en una problemática compleja, rica en matices y de imperiosa actualidad. **Que se sabe de... La Biblia desde la arqueología** González Echegaray, Joaquín,2010-05-01 Las investigaciones arqueológicas en el Oriente ya desde el siglo XIX siempre han ido acompañadas de un entorno de aventura y riesgo. Pero más allá de la historia anecdótica y romántica los arqueólogos nos han descubierto multitud de ruinas y valiosos objetos que permiten reconstruir el mundo en que se desarrolló la historia bíblica. Los belicosos filisteos, la bien defendida y lujosa ciudad de Samaria, capital del reino de Israel, la vieja y sagrada Jerusalén, todo ello en el entorno del Antiguo Testamento van desfilando por las páginas de este libro. Igualmente otros lugares íntimamente relacionados con Jesús de Nazaret como Cafarnaúm, Cesarea de Filipo, Jericó y sobre todo el mítico templo de Jerusalén. Pero ¿quién nos dice de la Biblia todas estas excavaciones? Cuántos desafíos nos plantean. ¿Qué retos quedan al descubierto? **Informe** Instituto de Investigación de los Recursos Marinos (Peru),1962 *La legislación pesquera en el Perú* César Belaúnde Guinassi,1963 **II Plan de desarrollo económico y social** España.
