**Rashi - Linguist despite Himself** Jonathan Kearney,2010-08-26 The commentary on the Torah of the eleventh century French rabbi Solomon Yishaqi of Troyes better known as Rashi is one of the major texts of mediaeval Judaism Rashi s commentary has enjoyed an almost canonical status among many traditional Jews from mediaeval times to the present day The popularity of his Torah commentary is often ascribed to Rashi s skillful combination of traditional midrashic interpretations of Scripture with observations on the language employed therein In this respect Rashi is often presented as a linguist or grammarian This book presents a critical reappraisal of this issue through a close reading of Rashi s commentary on the book of Deuteronomy Falling into two major sections Part One Contexts presents a theoretical framework for the detailed study in Part Two Texts which forms the main core of the book by presenting a detailed analysis of Rashi s commentary on the book of Deuteronomy      *Hebrew Bible / Old Testament. Magne Sæbø, 2000      **Word-order Variation in Biblical Hebrew Poetry** Nicholas P. Lunn, 2006 This study tackles the neglected subject of word order in biblical Hebrew poetry The fact that the order of clause constituents frequently differs from that found in prose has often been noted but no systematic attempt has been offered by way of explanation Here two separate factors are taken into consideration that of purely poetic variation defamiliarisation and that of pragmatic markedness This work offers a new approach to the poetry of the Old Testament that will aid towards more accurate translation exegesis and discourse analysis of poetic texts      Participatory Biblical Exegesis Matthew Levering, 2008 The interpretation of Scripture has depended largely on the view of history held by theologians and exegetes This text examines the changing views of history that distinguish patristic and medieval biblical exegesis from modern historical critical exegesis
