[The Garden](#), 1897 [The Chasing Glance](#) M S Yousafzai, 2014-02-19 *The Chasing Glance* appears to be a new venture with a form quite new and alien in the realm of English Poetry. The poet sings poignantly and vehemently in his love poems imploring earnestly for the reunion of love with a predominant note of subjectivity, no doubt. However, it is his other poems, the Nature Poems and other contemplative poems in which the poet has come out with a prophetic voice to the society at large, seeking to reaffirm the values for decency, relationship, loyalty, and modesty. It is this which renders gravity and sublimity to his work in spite of his simple and straightforward approach.
