Zeitschrift für Kulturaustausch, 1978 An Introduction to the African Prose Narrative Lokangaka Losambe, 2004 This collection of essays introduces students of African literature to the heritage of the African prose narrative starting from its oral base and covering its linguistic and cultural diversity The book brings together essays on both the classics and the relatively new works in all subgenres of the African prose narrative including the traditional epic the novel the short story and the autobiography The chapters are arranged according to the respective thematic paradigms under which the discussed works fall *African Biblical Studies* Andrew M. Mbuvi, 2022-09-22 Andrew M Mbuvi makes the case for African biblical studies as a vibrant and important emerging distinct discipline while also using its postcolonial optic to critique biblical studies for its continued underlying racially and imperialistically motivated tendencies Mbuvi argues that the emergence of biblical studies as a discipline in the West coincides with and benefits from the establishment of the colonial project that included African colonization At the heart of the colonial project was the Bible not only as ferried by missionaries who often espoused racialized views to convert heathens in the distant lands but as the text used in the racialized justification of the colonial violence Interpretive approaches established within these racist and colonialist matrices continue to dominate the discipline perpetuating racialized interpretive methodology and frameworks On these grounds Mbuvi makes the case that the continued marginalization of non western approaches is a reflection of the continuing colonialist structure and presuppositions in the discipline of biblical studies African Biblical Studies not only exposes and critiques these persistent oppressive and subjugating tendencies but showcases how African postcolonial methodologies and studies that prioritize readings from the perspective of the marginalized and oppressed offer an alternative framework for the discipline These readings while destabilizing and undermining the predominantly white Euro American approaches and their ingrained prejudices and problematizing the biblical text itself posit the need for biblical interpretation that is anti colonial and anti racist African Writers Series, 1983 **Petals of Blood** Ngugi wa Thiong'o, 2005-02-22 The definitive African book of the twentieth century Moses Isegawa from the Introduction by the Nobel Prize nominated Kenyan writer The puzzling murder of three African directors of a foreign owned brewery sets the scene for this fervent hard hitting novel about disillusionment in independent Kenya A deceptively simple tale Petals of Blood is on the surface a suspenseful investigation of a spectacular triple murder in upcountry Kenya Yet as the intertwined stories of the four suspects unfold a devastating picture emerges of a modern third world nation whose frustrated people feel their leaders have failed them time after time First published in 1977 this novel was so explosive that its author was imprisoned without charges by the Kenyan government His incarceration was so shocking that newspapers around the world called attention to the case and protests were raised by human rights groups scholars and writers including James Baldwin Toni Morrison Donald Barthelme Harold Pinter and Margaret Drabble Die Interkulturalität afrikanischer Literatur Karl-Heinz Stoll, 2003 *Art and Ideology in the African Novel* Emmanuel
