Getting Started in Time Management Prakash V. Rao, 2023-10-30 The essence of time management is beautifully captured by Gandhi s wisdom As we venture into the world of time management it s crucial to realize that every action taken today paves the way for a better tomorrow Every journey has its twists and turns its stretches of clarity and its patches of obscurity The journey of time management is no different If we picture life as a path we tread then without a semblance of planning we wander in the twilight Each step is hesitant revealing only the next immediate space The way forward remains shrouded in uncertainty Now embrace the concept of planning It acts as the lamp the beacon that illuminates segments of this path allowing for a walk with confidence and purpose This illumination is precisely what Getting Started in Time Management strives to provide By shedding light on how to use our daily allotment of 24 hours it guides us away from the pitfalls of wasted moments and towards the rewards of well spent time
