**iBPMS: Intelligent BPM Systems** Layna Fischer, 2013-10-14 Intelligent business process management is the next generation of enterprise BPM leveraging recent technological advances to attain a degree of operational responsiveness not possible with yesterday's business process platform. Today companies of all types want faster and better insight into their operations. This growing demand for operational intelligence has given rise to a new smarter variety of business process management suites BPMSs. An intelligent BPM suite provides the functionality needed to support more intelligent business operations including real time analytics, extensive complex event processing CEP and business activity monitoring BAM technologies and enhanced mobile social and collaborative capabilities. Dubbed iBPMS by Gartner Group who describes the intelligent BPM Suite as having 10 core components: A process orchestration engine, A model driven composition environment, Content interaction management, Human interaction management, Connectivity, Active analytics (sometimes called continuous intelligence), On demand analytics, Business rules management BRM, Management and administration for the suite's technical aspects, A process component registry repository. An intelligent BPM suite provides the functionality needed to support more intelligent business operations including real time analytics, extensive complex event processing CEP and business activity monitoring BAM technologies and enhanced mobile social and collaborative capabilities. The co authors of this important book describe various aspects and approaches with regard to impact and opportunity. They become more agile by adopting smarter work practices and transforming their business processes to be more dynamic, collaborative and connected. Often the business processes themselves create competitive advantage. Increased revenue at reduced cost makes more money for a very effective business. Changing market opportunities, customer demands, new technology and calls for cost reduction can make it seem impossible to keep operational chaos at bay. Competitive advantage is gained when companies reduce operational risk by making sure that internal guidelines and external regulatory

requirements are fulfilled Companies thus offer customers a faster more accurate and consistent service To position your organization for success you need the ability to continually optimize streamline and align business processes to meet changing business needs for greater performance competitive advantage and to drive growth The companies whose award winning case studies are featured in this book have proven excellence in their creative and successful deployment of advanced and business process management concepts The positive impact to their corporations includes increased revenues more productive and satisfied employees product enhancements better customer service and quality improvements

**Delivering the Customer-centric Organization** Layna Fischer,2012-01-01 Customer centric organizations are concerned about shrinking volumes of business stiffer competition and ever more demanding consumer expectations which have increased pressure on the bottom line The ability to successfully manage the customer value chain across the life cycle of a customer is the key to the survival of any company today Business processes must react to changing and diverse customer needs and interactions to ensure efficient and effective outcomes This important book looks at the shifting nature of consumers and the workplace and how BPM and associated emergent technologies will play a part in shaping the companies of the future BPM s promises are real but the path to success is littered with pitfalls and shortcuts to failure Best practices can help you avoid them If you are just embarking on using its methods and tools these authors have a wealth of experience to learn from and build on Whether you are a business manager or an Information Technology practitioner this special collection will provide valuable information about what BPM can do for you and how to apply it *Small Homes Guide* ,1937 *School Library Journal* ,2006 *CASP+ CompTIA Advanced Security Practitioner Certification All-in-One Exam Guide, Second Edition (Exam CAS-003)* Nicholas Lane,Wm.
