*The Doctrine and Practice of Yoga* Swami Mukerji, 2009-05-01 Today the practice of yoga is often framed as nothing more than an upscale fitness regimen but its origins are much more meaningful than that This bracingly straightforward volume from expert yogi Swami Mukerji gets to the heart of yoga and helps new students of the discipline understand how its diligent practice can provide a spiritual and physical transformation Whether you are new to yoga or a seasoned practitioner you ll be sure to learn something profound from *The Doctrine and Practice of Yoga* *The Doctrine and Practice of Yoga* A. P. Mukerji, 2020-09-28 Concentration signifies the state of being at a centre con and centrum Applied to thought it is the act of bringing the mind to a single point Each human being must practise concentration subjectively and objectively In other words each human being aims with more or less precision at concentration on a point within and a point without his own world Concentration without is illustrated when you devote all your attention upon Nature such as learning a trade a profession a science an art or some form of business This is Evolution outgoing or positive mental energy I shall call this Objective Concentration Concentration within implies the withdrawing of attention from the external world and the placing of mind on God Spirit Heaven Religion Peace Nirvana Eternity etc This is Involution i e incoming or negative energy When Objective Concentration alone is practised you develop into a hard headed practical man of the world or a successful man of business You are keen and shrewd The world is a very matter of fact thing to you You cannot think of anything else beyond money making and pleasures and worldly affairs You are a worldling of the world very clever rich and a master along your own lines But spiritually you are an imbecile worse than a baby This is the Objective Mind the deepest immersed in matter literally made of the dust It is the brain of worldly wisdom common sense prudence methodical arrangement order discipline classification the skill and knowledge of the expert in any branch or department of art or science This side of the mind is well developed in Scientists Mathematicians and Businessmen etc Where it is not guided by the Subjective Mind it can only see diversity and difference and is the slave of Maya the slayer of the Real Subjective Concentration is seeking the Kingdom of Heaven within you God is Spirit and they that worship Him must worship in Spirit and Truth LAPLACE the great astronomer asserted that he had swept the heavens with his telescope and found neither God nor Heaven Yes poor LAPLACE He looked for God objectively instead of subjectively *The Doctorine and Practice of Yoga* A.P. Mukherji, 2021-01-01 ncludes the Practices and Exercises of Concentration both Objective and Subjective and Active and Passive Mentation an Elucidation of Maya Guru Worship and the Worship of the Terrible also the Mystery of Will Force *Yoga in Theory and Practice* A.p. Mukerji, 2018-11-29 In Objective Concentration Pratyahara and Dharana are the preparatory stages Take a scientist for instance He knows that when the mind is engaged with several things mind force is scattered He cannot be a politician a musician etc and at the same time an expert scientist He gradually abstracts his attention from all other subjects and pauses it on one subject or one set of subjects Pratyahara is the continued effort of the mind to so abstract itself Dharana is reached

when this effort is finally successful and the mind becomes steadfast and one pointed Dhyana is an extension of this steadfastness When Dhyana is reached the student is beyond the range of books His mind is occupied with original researches and experiments and his knowledge becomes more and more definite Going on and on always on the one line complete knowledge of that subject is attained This is the objective view of Samadhi All these stages when completed make one Samayana The subjective view of Samadhi no books or writings can teach you As you go deeper and deeper into Yoga you will understand these things in the light of your Soul Vision It will come to you if you follow my subsequent instructions

Yoga- Theory and Practice Rittik Chandra,2013-12-19 Your life is your own You have only yourself to thank for what you are have been and will be Take your present into your own hand Consciously shape out of it your future Direct your forces along lines of study and endeavour that have the strongest attraction for you Such attraction is the indication of need It is the hand pointing out your Life purpose What your heart desires earnestly and clamours for incessantly is attracted to you out of the invisible supply i e the means the environments the right sort of persons books and thought forces are drawn to you and then you are expected to work out your desire This is in perfect accord with the great Law of Attraction Some call it God since it answers all sincere prayers Prayer remember is the sincere desire of the heart I take it that you hunger for Truth and Spiritual Growth else you and I would not be here The instructions given you hereunder are meant to give you a strong body and a strong will They will also tend to your Soul Unfoldment Talk not of them Keep your mouth closed Be serious earnest and thoughtful Then work at them confidently and with perseverance Do not be daunted by apparent failures Failure is the stepping stone to Success He fails who gives up a thing in final despair Go on I say You will improve from the very first day and in a short time you will be another man All the leaders of humanity past or present have studied and investigated with tireless zeal along the special lines and in Spiritual culture you must do the same But you must have health a strong will and a steady brain and I will enable you to have these positively Keep these instructions strictly privately Master them by constant meditation upon same
