**How to be Safe in an Unsafe World** Harold H. Bloomfield,Robert K. Cooper,1997 The National Crime Survey reports that you have an 80 percent chance of experiencing at least one physical attack in your lifetime The Figgie Report indicates that four out of five Americans are afraid of being assaulted robbed raped or murdered and in a 1995 survey more than one out of three Americans reported feeling truly desperate about rising violence If you are afraid you are already a victim of violent crime In *How To Be Safe In An Unsafe World* best selling author and eminent psychiatrist Harold H Bloomfield M D and Robert K Cooper Ph D reveal smart accessible and statistically proven ways to ensure personal safety in

a variety of vulnerable circumstances Based on the latest scientific research How To Be Safe In An Unsafe World offers the key to mastering safety intelligence and shows you how to convert the anxiety you experience when feeling threatened into a perpetual state of heightened awareness calm energy and power This invaluable book shows you how to best exploit a split second pause at the beginning of every confrontation how to transform nervous energy into strength and how to execute two or more de escalating vocal or physical responses that will free you from predatory harm How To Be Safe In An Unsafe World demonstrates that it only takes seven seconds for an attacker to size up a potential victim and that by even changing the way you walk can deter the likelihood of being assaulted Supported by the latest crime survey findings Dr Bloomfield reveals surprising do s and don ts of personal safety that can help steer you clear of harm s way For instance statistics show that yelling Help when confronted with danger actually discourages assistance However yelling words like Fire will not only distract a mugger or rapist but will attract the aid of bystanders How To Be Safe In An Unsafe World also shows you how to ask de escalating questions that begin with when not why or what that will help lower the volatility of a conflict rather than raise it Whether you are engaged with an angry spouse offensive coworker mugger or rapist this long overdue book provides proven safety measures to take in the most common harmful scenarios How To Be Safe In An Unsafe World teaches you why the need to feel safe is even more important than the need to love and be loved In addition the book discusses why a constant inner sense of fear or the resulting chronic hostility may damage the heart immune system or brain and actually end your life sooner than an assailant s bullet bomb or blade With forewords by Deepak Chopra and John Gray that describe the impact of violence on themselves and their families How To Be Safe In An Unsafe World prescribes a proven and practical formula for safety that you and your family can use to increase your sense of inner security and external safety from self defeating cycles of fear and insecurity How To Be Safe In An Unsafe World is a necessary book for everyone who fears for their safety in a world of increasing peril unpredictability and numbing incivility
