Mihura, 2025 In this second edition of the Oxford Handbook of Personality Assessment now titled *The Oxford Handbook of Personality and Psychopathology Assessment* Joni L. Mihura brings together a respected group of international contributors to cover significant changes within the field of personality assessment The Handbook is updated to cover a range of topics focusing on four major goals to integrate contemporary dimensional models of personality and psychopathology to use a multimethod approach in which the method of assessment shapes the desired construct to integrate collaborative therapeutic assessment C TA when possible and to consider personality and psychopathology assessment through the lens of human diversity *Color, Class, and Personality* Robert Lee Sutherland, 1942 **The Characters of Theophrastus an English Translation from a Revised Text with Introduction and Notes by R. C. Jebb** Theophrastus, 1870 *Reading South Vietnam's Writers* Thomas Engelbert, Chi P. Pham, 2023-07-04 This edited book examines how South Vietnam s formerly the Republic of Vietnam 1955 1975 literary and journalistic writers were perceived and potentially influenced by Western thought led by thinkers such as Jean Paul Sartre Franz Kafka Sigmund Freud Thomas Mann Martin Heidegger Hermann Hesse Edmund Husserl Stefan Zweig Graham Greene and Somerset Maugham The book reveals the dynamism and diversity of Western thought in individual literary texts as well as among the authors themselves The volume considers how writers and their texts engaged with issues that are socially culturally politically and philosophically significant to Vietnam and beyond past and present This approach to South Vietnam s literary and journalistic tradition enables an alternative plural inclusive view of the significance of these texts which are shown to be neither exclusively anti Communist nor bourgeois individualist c nh n ti u t s n as they have so often been interpreted both in and outside of Vietnam Such an interpretation problematically retains the marginal position of South Vietnam s literature in mainstream Vietnamese literature and in the literatures of the host countries where these Vietnamese authors have migrated settled and continued to write following the Fall of Saigon This volume presents itself as a key text for

those studying Asian and postcolonial literatures as well as scholars in the humanities researching Vietnam its history politics society and culture
