Richard D. Goffin,Edward Helmes,2000-03-31 The assessment of individual differences has generated shockwaves affecting sociology education and a number of other behavioral sciences as well as the fields of management and organizational behavior In covering the assessment of individual differences this book pays tribute to the interests and activities that Douglas N Jackson has incorporated into his career as a psychologist He continues to be a leader in putting academic findings to practical use He has also inspired generations of students with his mastery of complex concepts and as a personal example of the ability to balance several simultaneous areas of research Consistent with the focus of Jackson s research the theme of this book will be how the use of deductive construct driven strategies in the assessment of individual differences leads to benefits in terms of the applicability of the assessment instruments and the clarity of the conclusions that can be drawn from the research The Corsini Encyclopedia of Psychology, Volume 3 Irving B. Assessment via Questionnaires Alois Angleitner,Jerry S. Wiggins,2012-12-06 ALOIS ANGLEITNER and JERRY S WIGGINS The personality questionnaire has been with us for more than 60 years It has been and still is the most popular method of personality assessment and it no doubt will continue to be so The method has been sharply criticized since its inception e g Allport 1921 Watson 1933 Ellis 1946 Janke 1973 and this criticism is also likely to continue The long standing indifference of test constructors to criticisms of their craft is brought home by noting the similarities between objections raised many years ago and those that are offered today Gynther Green 1982 Within this context one might well ask why a book on personality questionnaires should appear at this time Despite the centrality of the personality questionnaire to personality assessment there are to our knowledge no recent books on the general topic of personality questionnaires There are of course books on specific instruments e g Dahlstrom Welsh Dahlstrom 1972 1975 books on interpretation of specific instruments e g Comrey 1980 and books on specific issues such as response styles e g Block 1965 Although not specifically focused on personality questionnaires Bass and Berg s 1959 Objective Approaches to Personality Assessment dealt with a number of issues that are central to questionnaires The Wiley Encyclopedia of Personality and Individual Differences, Measurement and
