Personality of an individual is considered to be the intriguing factor for one's success in life. Success in all endeavours is considered to be the hall mark of achievers. All of us strive to be successful in life; some achieve success on their own and others need to be helped to achieve success. Personality Development will increase Self esteem, Memory, modify Leadership, help set clear Goals, be more Assertive, Creative, Motivated and will be able to Manage Stress effectively. It was found to be quite a challenge to help develop Personality among Youths in Colleges. Therefore the Personality Development Module involves both Lectures and Training Methods, was evolved and tried out among the students, proved to be fruitful. This module will be most helpful to those college teachers who teach subjects other than Psychology and find it difficult to inculcate Personality Development among the students. Further, this book will be handy to help who wish to be Trainers; especially for those with a Psychological base, may be able to inculcate a wonderful modification into individuals, thus resulting in the Personality Development of the target groups.

This book provides the basic information about personality development and therefore very much useful for certificate diploma and undergraduate students pursuing a course in early childhood studies and psychology. It is also very useful for practicing early childhood tutors, psychologists, proprietors of schools and policy makers. New tutors can use this book for growth and professional development. General readers interested in knowing personality concepts will also find the content of this book useful. With activities and questions listed at the end of each chapter, this book is both thought provoking and practical and therefore one of those books that every student and tutor should have.
