Perspective As A Problem In The Art History And Literature Of Early Modern England:

Perspective as a Problem in the Art, History and Literature of Early Modern England Mark Lussier, S. K. Heninger, 1992 The thrust of these symposium papers engaged the development of perspective in early modern England an evolution in thought and practice that crossed disciplinary lines to be felt in the art literature and history of England Individual papers explore perspectives on representation e g history in fiction and fiction in history development of frames for historical and literary narratives and their impact on point of view implications of co ordinate developments in painting and narrative such as simultaneous introduction of fixed point perspective and third person narrative and the relationship between fact and fiction as they were defined in early modern England The essays seek to alter current perspectives on the origins of the early modern period connecting insights into intellectual developments to their embodiment in the art literature and history of the period

A Handbook of English Renaissance Literary Studies John Lee, 2017-11-06 Provides a detailed map of contemporary critical theory in Renaissance and Early Modern English literary studies beyond Shakespeare A Handbook of English Renaissance Literary Studies is a groundbreaking guide to the contemporary engagement with critical theory within the larger disciplinary area of Renaissance and Early Modern studies Comprising commissioned contributions from leading international scholars it provides an overview of literary theory beyond Shakespeare focusing on most major figures as well as some lesser known writers of the period This book represents an important first step in bridging the divide between the abundance of titles which explore applications of theory in Shakespeare studies and the relative lack of such texts concerning English Literary Renaissance studies as a whole which includes major figures such as Marlowe Jonson Donne and Milton The tripartite structure offers a map of the critical landscape so that students can appreciate the breadth of the work being done along with an exploration of the ways in which the treatments of or approaches to key issues have changed over time Handbook of English Renaissance Literary Studies is must reading for undergraduate and postgraduate students of early modern and Renaissance English literature as well as their instructors and advisors Divided into three main sections Conditions of Subjectivity Spaces Places and Forms and Practices and Theories A Handbook of English Renaissance Literary Studies Provides an overview of theoretical work and the theoretical informed competencies which are central to the teaching of English Renaissance literary studies beyond Shakespeare Provides a map of the critical landscape of the field to provide students with an opportunity to appreciate the breadth of the work done Features newly commissioned essays in representative subject areas to offer a clear picture of the contemporary theoretically engaged work in the field Explores the ways in which the treatments of or approaches to key issues have changed over time Offers examples of the ways in which the practice of a theoretically engaged criticism may enrich the personal and professional lives of critics and the culture in which such critical practice takes place

Andrew Marvell's Liminal Lyrics Joan Faust, 2012-09-20 Andrew Marvell's Liminal Lyrics The Space Between is an interdisciplinary study of

the major lyric poems of seventeenth century British metaphysical poet Andrew Marvell The poet and his work have generally proven enigmatic to scholars because both refuse to fit into normal categories and expectations This study invites Marvell readers to view the poet and some of his representative lyrics in the context of the anthropological concept of liminality as developed by Victor Turner and enriched by Arnold Van Gennep Jacques Lacan and other observers of the in between aspects of experience The approach differs from previous attempts to explain Marvell in that it allows multidisciplinary and multi media contexts in a broad matrix of the areas of experience and representation that defy boundaries that blur the line at which entrance becomes exit This study acknowledges that the poems discussed and by implication the entire corpus of Marvell s work and the life that produced it derive from a refusal to draw a definite divide In analyzing a small selection of Marvell s life and lyrics as explorations of various realms of liminality in word and image readers can see a passageway to the poet s works that never really reaches a destination instead the unlimited possibilities of the journey remain Thus the in between aspects of the poet and his poetry actually define his technique as well as his brilliance

Renaissance Realism Alastair Fowler,2003 This book questions the assumption of a single realism the continuous realism of novels Many suppose that narrative before the novel either looked forward to it or was medieval and allegorical and compare the introduction of single point perspective with the rise of the novel But continuous realism did not arise as soon as perspective was discovered In actuality a distinctive sort of Renaissance realism with its own conventions was practised from the late Middle Ages to the seventeenth century Renaissance Realism surveys the history of perspective showing that it only gradually came to dominate the western imagination and to become the default assumption for portrayal in the visual arts Looked at in this way correlates between literature and art emerge in the depiction of objects and events Treatment of spatial arrangement and time sequences for example closely parallel simultaneous narration in the visual arts

The Subtext of Form in the English Renaissance S. K. Heninger,1994 In this study directed toward England I pursue some of the ramifications of this shift when the orthodox and the new were most nearly in equilibrium

The Exemplary Sidney and the Elizabethan Sonneteers Lisa Klein,1998 Stressing the importance of sonnets as producers as well as products of Elizabethan culture this book is a work of cultural poetics in the broadest sense of the term Yet its new interpretation of Sidney s importance to his contemporary sonneteers is grounded in the careful analysis of literary texts In sum it contends that Greville Daniel and Spenser while working in conventional forms and in the bright shadow of Sidney nonetheless demonstrate the authority of the individual poet to pressure conventional forms and to refashion Sidney s heroic image

Samuel Daniel Samuel Daniel,1998 This fully annotated edition of the poet and theorist s major work reveals a mind intensely engaged with different even opposing perspectives on philosophical and literary problems Both innovative and influential Daniel was an Elizabethan poet coming to terms with the social milieu intellectual constructs and poetic modes of the Jacobean era His verse epistles illuminate the complex politics of poetic patronage and the popular Complaint of Rosamund and Letter from Octavia give rare insight into early modern woman s predicament Daniel s Defense was a pivotal text for Renaissance English poetics *MLA International Bibliography of Books and Articles on the Modern Languages and Literatures* Modern Language Association of America,1992 Vols for 1969 include ACTFL annual bibliography of books and articles on pedagogy in foreign languages 1969 The Cumulative Book Index ,1994 A world list of books in the English language *Discourses of Purity in Transcultural Perspective (300-1600)* ,2015-04-21 While comparative studies on purity and impurity presented in the last decades have mostly concentrated on the ancient world or on modern developments this volume focusses the hitherto comparatively neglected period between ca 300 and 1600 c E The collection is innovative because it not only combines papers on both European and Asian cultures but also considers a wide variety of religions and confessions The articles are written by leading experts in the field and are presented in six systematic sections This analytical categorization facilitates understanding the functional spectrum that the binomial purity and impurity could cover in past societies The volume thus presents an in depth comparative analysis of a category of paramount importance for interfaith relations and processes of transfer Contributors are Aziz al Azmeh Matthias Bley Sven Bretfeld Miriam Czock Licia Di Giacinto Hans Werner Goetz Elisabeth Hollender Nikolas Jaspert Stefan K ck Stefan Leder Hanna Liss Christopher MacEvitt Hermann Josef R llicke Paolo Santangelo and Ephraim Shoham Steiner **American Book Publishing Record** ,2007

Portraits of Resistance Jennifer Van Horn,2022-01-01 A highly original history of American portraiture that places the experiences of enslaved people at its center This timely and eloquent book tells a new history of American art how enslaved people mobilized portraiture for acts of defiance Revisiting the origins of portrait painting in the United States Jennifer Van Horn reveals how mythologies of whiteness and of nation building erased the aesthetic production of enslaved Americans of African descent and obscured the portrait s importance as a site of resistance Moving from the wharves of colonial Rhode Island to antebellum Louisiana plantations to South Carolina townhouses during the Civil War the book illuminates how enslaved people s relationships with portraits also shaped the trajectory of African American art post emancipation Van Horn asserts that Black creativity subjecthood viewership and iconoclasm constituted instances of everyday rebellion against systemic oppression Portraits of Resistance is not only a significant intervention in the fields of American art and history but also an important contribution to the reexamination of racial constructs on which American culture was built *Literature & History* ,2003 Subject Guide to Children's Books in Print 1997 Bowker Editorial Staff,R R Bowker Publishing,1996-09
