# Perspective On Strikes In South African

**AA. VV.**

## **Perspective On Strikes In South African:**

**Laws against strikes. The South African Experience in an international and Comparative Perspective** AA. VV., Bob Hepple, Rochelle le Roux, Silvana Sciarra, 2015-05-28 Laws against Strikes comprising contributions from South African Italian and British legal scholars examines the right to strike in periods of socio economic crisis The book aims to contribute to the debates on this issue by comparing where a      **A Perspective on Strikes in South African Labour Law** Sundrasakaran Nadasen, 1991      *Perspectives on South Africa* Taffy Adler, 1977      Laws against strikes. The South African Experience in an international and Comparative Perspective AA. VV., 2015-06-19T14:30:00+02:00 300 72      Is Apartheid Really Dead? Pan Africanist Working Class Cultural Critical Perspectives Julian Kunnie, 2018-02-23 Is Apartheid Really Dead Pan Africanist Working Class Cultural Critical Perspectives is an engaging and incisive book that radically challenges the widespread view that post apartheid society is a liberated society specifically for the Black working class and rural peasant populations Julian Kunnie s central contention in this book is that the post apartheid government was the product of a serious compromise between the former ruling white led Nationalist Party and the African National Congress resulting in a continuation of the erstwhile system of monopoly capitalism and racial privilege albeit revised by the presence of a burgeoning Black political and economic elite The result of this historic compromise is the persistent subjugation and impoverishment of the Black working class by the designs of global capital as under apartheid this time managed by a Black elite in collaboration with the powerful white capitalist establishment in South Africa Is Apartheid Really Dead engages in a comprehensive analysis of the South African conflict and the negotiated settlement of apartheid rule and explores solutions to the problematic of continued Black oppression and exploitation Rooted in a Black Consciousness philosophical framework unlike most other works on post apartheid South Africa this book provides a carefully delineated history of the South African struggle from the pre colonial era through the present What is additionally distinctive is the author s reference to and discussion of the Pan Africanist movement in the global struggle for Black liberation highlighting the aftermath of the 1945 Pan African meeting in Manchester The author analyzes the South African struggle within the context of Pan Africanism and the continent wide movement to rid Africa of colonialism s legacy highlighting the neo colonial character of much of Africa s post independence nations arguing that South Africa has followed similar patterns One of the attractive qualities of this book is that it discusses correctives to the perceived situation of neo colonialism in South Africa by delving into issues of gender oppression and the primacy of women s struggle working class exploitation and Black worker mobilization environmental despoliation and indigenous religio cultural responses and educational disenfranchisement and the need for radically new structures and policies in educational transformation Ultimately Is Apartheid Really Dead postulates revolutionary change as a solution undergirded with all of the aforementioned ingredients While anticipating and articulating a revolutionary socialist vision for post apartheid South Africa this book is tempered by a realistic appraisal of the dynamics of the global economy

and the legacy of colonial oppression and capitalism in South Africa     South African Journal of Labour Relations ,1995

Strike Action in the South African Manufacturing Sector Michael Sutcliffe,Paul Wellings,1985     Historical Perspectives on the Political Economy of Swaziland John Daniel,Michael F. Stephen,1986     The Indian Ocean ; Perspectives on a Strategic Arena William L. Dowdy,Russell B. Trood,1985 Viewing the countries surrounding the Indian Ocean as a distinct region united by instabilities as well as mutual interests these essays examine whether stability in the region will be achieved through the buildup of military strength and the formation of new cooperative security arrangements The contributors focus on the five subregions the Persian Gulf South Asia the Red Sea and Horn of Africa Eastern and Southern Africa and Australasia Among topics discussed are developments that affect the region including expansion of navies the prospect for arms limitation the implications of the Iranian Revolution for the Persian Gulf as well as for its internal stability the political and economic ramifications of the South Africa black Africa animosity the religious ethnic and political conflicts of southern and eastern Asia and the Soviet invasion of Afghanistan ISBN 0 8223 0649 2 55 00     African Perspectives on South Africa Hendrik W.
